

HUGHES TO NURSE VOICE ON TRAINS

Vocal Cords Strained by Trying to Talk Above Car Noise, Says Physician Who Carefully Sprays Speaker's Throat

Change of Schedule to Talk at Montana City Made by Republican Nominee Forces Night Ride Through Dakota

BISMARCK, N. D., Aug. 11.—With his voice husky, Presidential Candidate Hughes today faced what was probably the busiest day scheduled on his whole transcontinental trip. He had eight train-end speeches in North Dakota and Montana towns before arriving in Billings, Mont., tonight for one of his "big speeches."

Because of the strenuousness of the program the Republican candidate went on training schedule today. His voice, accustomed for the past few years to the conversational tone of the supreme bench, will have to be coddled along very carefully from now on if he is to finish the speaking schedule ahead of him during the next four weeks.

Dr. T. E. Dittman, his physician and physical advisor on this tour, is assiduously spraying the candidate's strained vocal chords several times each day. In addition, Hughes is following a suggestion which former Senator Chauncey M. Depew made to him at the time he stumped New York on the anti-race-track bills, not to talk on the train, saving even conversation as far as possible since it always strains the voice to try to talk loud enough to be heard on a moving train.

APPROVES FRUIT DIET.

Hughes is also taking exceeding care with his diet and is particularly strong on fruit. His favorite breakfast fruit is orange and always before he retires he drinks the juice of one or two oranges.

Mrs. Hughes led a gentle rebellion today. Heretofore local committees have been anxious to have her sit on the platform beside her campaigning husband, but from now on the governor's helpmate will sit in the audience.

"I want to be where I can hear my husband and see him when he

Hughes Would Probe Bourbon Administration

FARGO, N. D., Aug. 11.—"I'd like to have the authority to investigate this administration for about six months," Charles Evan Hughes, whose political career is founded upon his investigation of the insurance companies of New York, thus fervently expressed this desire in winding up a renewed charge that the Wilson administration has used public office for political purposes.

"It is scandalous," the Republican nominee shouted huskily, while 3000 persons in the auditorium here accorded him a round of applause.

"I think I may say," he cried, "that today the government of the United States is recklessly wasteful, shamefully incompetent and extravagant—a reproach to the intelligence of a free people—because of its inefficiency."

Hughes said that the 1914 pork barrel bill was talked to death by Senator Burton, a Union Republican, and the 1915 bill was reduced materially because of the opposition of Republicans and conscientious Democrats. He added:

"This year Congress passed a rivers and harbors bill of some \$42,000,000. I confess I don't know why such a measure should receive approval. We have heard a great deal lately of the power of executive leadership. It has been powerfully exerted. Why can it not be exerted to save the public purse from being looted in the interest of these ridiculous appropriations? Four years ago our opponents arraigned the Republican party for extravagance and waste and reckless expenditure. Then they proceeded to be more lavish in appropriations than the Republican party had been. They arraigned the Republican party for lack of businesslike administration and then they proceeded to be more utterly profligate in their appropriations."

Now, I have no apologies for Republican extravagance. I am just as quick to condemn that which is wrong in my own party as I am anywhere else. I don't stand for what I don't believe to be right, simply because it is under the banner of a particular party."

Dr. T. E. Dittman, his physician and physical advisor on this tour, is assiduously spraying the candidate's strained vocal chords several times each day. In addition, Hughes is following a suggestion which former Senator Chauncey M. Depew made to him at the time he stumped New York on the anti-race-track bills, not to talk on the train, saving even conversation as far as possible since it always strains the voice to try to talk loud enough to be heard on a moving train.

LEAGUE COMMITTEE OF G. O. P. NAMED

President Hazard Selects District Members for Campaign Work.

SAN FRANCISCO, Aug. 11.—President Henry C. Hazard of the League of California Republican Clubs has announced the following appointments of members of the executive committee of the league:

Flannigan, Sacramento; Fourth Congressional District, Albert E. Cavile, San Francisco; Fifth Congressional District, Mrs. Ella M. Sexton, San Francisco; Sixth Congressional District, A. F. St. Sure, Alameda; Seventh Congressional District, Chase S. Osborn, Jr., Fresno; Eighth Congressional District, Roger Edwards, Orchard Farm, Saticoy; Ninth Congressional District, W. J. Hanlon, Los Angeles; Tenth Congressional District, Bradner W. Lee, Los Angeles; Eleventh Congressional District, John S. Ackerman, San Diego.

The full committee includes also the president of the league and the four vice-presidents, as follows:

Dr. A. J. Scott, Los Angeles, first vice-president; Mrs. R. W. Richardson, Los Angeles, second vice-president; Francis T. Underhill, Santa Barbara, third vice-president; Clinton C. Dodge, Oakland, fourth vice-president; S. O. Walker, Visalia, fifth vice-president.

A meeting of the committee has been called for August 18th, in room A, at the Palace Hotel, at 2 o'clock in the afternoon.

Col. Charles Sonntag, State Prison Director, who is a candidate for State Senator in the Fifteenth Senatorial District in Alameda county, has been endorsed by the Thirty-seventh Assembly District Republican Club and other organizations.

MAY SUBMIT SHIP BILL TO SENATE

Republicans Indicate Willingness to Allow Vote Monday.

WASHINGTON, Aug. 11.—Republicans of the Senate indicated today that they would permit a vote to be reached on the administration shipping bill tomorrow or Monday. This developed while Senator Jones and Gallinger were cross-questioning Senator Simmons about progress on the revenue bill being drafted by a finance sub-committee.

Senator Simmons said he hoped to have the revenue measure ready for the full committee Monday and to report it to the Senate Tuesday. He is being perfected the Democrats will call up the workmen's compensation bill or Philippine conference report. Senator Jones, resuming his speech against the shipping bill, argued that even if the measure should meet one purpose for which it is proposed and reduce ocean freight rates, foreign importers rather than American shippers, would be the beneficiaries.

Senator Fletcher of the commerce committee submitted an amendment to provide that whenever regulations or practices of foreign governments operates to discriminate against vessels of the United States it would be the duty of the shipping board to report to the president for his action or to be brought to the attention of Congress.

Bourbon Term Is Given Praise

SARATOGA SPRINGS, Aug. 11.—Unadmitted praise of the Wilson administration was voiced by Congressman John J. Fitzgerald of Brooklyn, temporary chairman of the Democratic convention here today. Fitzgerald denied the assertions of Charles E. Hughes, Republican candidate for president, that the country is enjoying only temporary prosperity. He declared that exports have "virtually doubled since the inauguration of the Wilson administration and now aggregates \$4,000,000,000 annually, of which less than 8 per cent consists of war munitions."

He quoted figures to sustain that new textile mills are under construction, that many wage increases have been reported and bank reserves and deposits have increased greatly. This condition, he said, was due chiefly to the belief of the people that the affairs of the nation were in safe hands.

The present Republican state administration was charged as wasteful and extravagant by the speaker.

Wilson to Make Campaign Tour

WASHINGTON, Aug. 11.—President Wilson virtually has decided to make a speaking trip across the continent. No details of the tour have been arranged, but it was understood today that his itinerary will be worked out within the next few weeks.

POLITICAL NOTES

At the woman's national conference in Colorado Springs yesterday, Mrs. William Kent of California, whose husband, Congressman Kent, is at the head of the Wilson Nonpartisan League, urged that Hughes be not endorsed until President Wilson had one more chance to favor the federal amendment for woman suffrage. She declared that "it was entirely within the range of possibility that Wilson would send an endorsement of the woman's party program."

Thomas McAlger, registrar of voters of Los Angeles, definitely decided late yesterday to have the primary election ballots printed without the name of Judge Walter Bordwell, candidate for United States Senator. In a conversation with Secretary of State Jordan by long distance telephone, McAlger was told that he can use his own judgment in the matter, and he determined that the proper course to pursue is to obey the wishes of Bordwell. The latter has requested that his name be omitted, a similar request having been telegraphed to the county clerk in every county in the state.

W. F. Nixon, vice-chairman of the Republican state campaign committee, yesterday predicted that Hughes and Fairbanks would carry California in November. He said that 100,000 and also that Willis H. Booth, for United States Senator and eleven genuine Republicans to represent the eleven congressional districts would be elected at the same time.

Congressman J. A. Elston will address the voters of the Thirty-seventh assembly district tonight at 8 o'clock at a meeting to be held at the Elston Center, Piedmont and Laurel avenues, Oakland.

Peter Crosby, Republican candidate for Congressman from the Sixth district, is making a strenuous campaign and meeting thousands of voters. He is making the fight as a straight Republican.

The San Francisco Republican county committee, by a narrow margin of 5 to 7, endorsed Johnson for Senator last night. The endorsement was put over by "Reformer" Tom Finn and the well-known Daroux. It has taken a month of hard work to line up the forces. From rumors it has required until it is as strong as the "reformers" are active in San Francisco.

Three Men in Grand Union Are Made Captives by Daring Highwayman, Who Escapes After Obtaining Small Sum

Armed With Revolver and Mask Consisting of Pair of Dark Glasses, He Rifles Till of Kearny Street Hostelry

SAN FRANCISCO, Aug. 11.—After locking up the night clerk, bellboy and porter of the Grand Union Hotel, 528 Kearny street, at 4:45 o'clock this morning, an armed robber, whose only mask consisted of a pair of dark glasses, rifled the cash register and escaped with \$110 in coin. The robbery was evidently carefully worked out in advance.

Posing as a guest, the highwayman registered at 3:40 o'clock, signing his name as J. Boone. He was assigned to a room on the second floor and ordered there by the bellboy, Charles Neville. An hour later Neville, passing along the corridor, was confronted by the robber, who pointed a revolver at the bellboy's head and ordered him to the door. He closed the door and warned Neville to make no outcry under pain of death.

The highwayman then went to the elevator, ran it down to the office floor and entered the office. Christensen, the night clerk, behind the counter. Menaced by the gun, Christensen obeyed an order to get into the elevator and the car was run down to the basement. There Christensen was locked up in the storeroom. Evidently believing that he had disposed of the only wakeful employee in the hotel, the robber returned to the basement. There he was confronted by the porter, John J. Kelly. Another trip was made to the basement and Kelly was imprisoned with Christensen.

The bandit was unmolested and after opening the cash register and taking the contents made good his escape. He is described as 28 years of age, 5 feet 10 inches tall, weighing 185 pounds and has a blue serge suit and a soft black hat.

The robber searched Christensen and obtained his hotel keys after imprisoning him and so gained ready access to the money drawer. Christensen and Kelly escaped from the storeroom by a door next to the elevator machinery, which they broke open by main force. Christensen had aroused a soldier whom he had known a revolver and came down stairs in time to meet Kelly and Christensen but too late to effect a capture. The hotel is a short two blocks from the Hall of Justice. There were 250 guests in the building.

Japanese Colony in State on Decrease

SAN FRANCISCO, Aug. 11.—Upon the authority of Masamoto Hannihara, Japanese consul-general, and that of other well informed Japanese, it is announced today that the Japanese population of the United States is declining. They state that more Japanese are leaving the country than are arriving here because the majority of those who come here do so with the sole purpose of securing an accidental inheritance or school training, and then return to Nippon. There are but few exceptions to this rule, according to Hannihara.

Woman in the News

LOS ANGELES, Aug. 11.—By an agreement among the heirs of the late Arcadia B. de Baker, announced today in Judge Shenk's court, the principal stumbling block to the distribution of the \$7,000,000 estate was removed. It was announced by attorneys that a group of the heirs had agreed to take over a note for \$704,000 in favor of the estate, and which will be due in eight years at par.

It was because a number of heirs had borrowed money on their interest in the note that final partition of the property was delayed. The note had become so encumbered that it was difficult to sell it at par, and many of the heirs objected to its being sold for less reasons.

Claiming to be a daughter of the late Judge J. J. Carrillo of Santa Monica, Mrs. Josephine Carrillo Penelope of Los Angeles today filed a contest to revoke the probate of his will.

It was made of Mrs. Penelope in the will or in the petition asking that it be admitted to probate.

Another feature of the scheme is the supplying of work to divorced women, if the divorced husbands who are put to work by divorcees with small children.

Mrs. E. W. Goodrich, president of the California Service Station, was leader of a delegation of women to discuss the idea. After a long wait, lasting several hours it was determined to form an organization to look out for the divorcees. Such an organization, it was decided, would have headquarters where needy divorced women could be sent for relief.

Divorced husbands who are unable to earn a sufficient wage to properly support the divided family, either because of physical disability or by known instrument, will be turned over to the superintendent of the Municipal and State Employment Agency.

Signal System Is Invented by Student

The perfection of a submarine signaling system has been announced by a group of young University of California graduates, who are working in the Rieber laboratories, 121 Second street, San Francisco. They also say this invention will revolutionize modern naval warfare.

An investigation is being carried on by United States naval officers and the details of the invention are not available. The inventors declare that the device will make possible the signaling between various ships of a fleet during a naval engagement. Messages can be directed accurately to any location and cannot be intercepted by any known instrument.

This invention is said to be backed by several prominent business men, and will be a forerunner to other similar inventions in this group of young inventors has been in business a year and has established a research laboratory for commercial inventions.

Portland Man Plans Ship Building Plant

PORTLAND, Ore., Aug. 11.—Vessels for Puget Sound, Mexico, Boston and California are to be built by a new company organized by George E. Hardy, former executive secretary of the Portland Chamber of Commerce, according to his plans announced today. Hardy resigned from the chamber for the purpose of superintending the new corporation's development.

While declining to reveal the identity of his financial backers, Hardy declared he was in communication with a well-known shipbuilder of Norway. If his plans go through, this shipbuilder will have Norway and build yards here. Hardy's idea is to build big Oregon pine and fir and use them for carrying products of the Northwest to the world.

State's Crust Moving? Scientists Investigate

POMONA, Aug. 11.—A test to determine if the crust of the earth in Southern California is moving was started in Pomona today, when M. Steinberg of the United States Geological Survey established a temporary observation station in the basement of the City Hall.

Huge cement blocks, on which to rest the instruments used in making the tests, were lowered into the basement and the instruments mounted. Similar tests will be made in twenty-eight different Southern California cities, the expert says.

which will endeavor to secure jobs with good wages for them.

WOMEN MY RUIN? GAMBLER ENDS LIFE.

SAN FRANCISCO, Aug. 11.—"I have been a mistake all my life. Women and races have been the cause of my downfall."

This note, lying beside the body of John T. Knight, 35 years old, in a room in the Sunset Hotel, 153 Market street, last night, explained the cause of his suicide. An empty poison bottle was found beside the bed.

Knight rented a room at the hotel at midnight Wednesday. When he did not respond to a call the door was forced.

He was sales manager for the California Door Company. His wife and family live at 1340 Cole street.

SAN FRANCISCO WOMAN ELECTED HEAD OF Y. L. I.

SACRAMENTO, Aug. 11.—Mrs. Stasia Hill of San Francisco was elected grand president of the Y. L. I. Institute of California at the eighteenth annual convention of the organization, which was concluded here today.

Mrs. Hill succeeded Miss Lucy M. Gens of Sacramento. Mrs. M. Kaunitz of San Francisco, was elected first grand vice-president of the organization and Miss A. Lydon of San Rafael second grand vice-president. The convention will install new officers and appoint committees today before adjourning.

GIRL NAMES ASSAILANT AFTER YEARS' SILENCE.

MERCED, Aug. 11.—Tipon charges brought by 16-year-old Ella Busano of Hornitos, daughter of a woodchopper of Porez, a Mexican ranch worker of Snell, was held to answer to the Superior Court at its preliminary hearing in Snelling Justice Court today.

More than a year the girl refused to disclose the man's name, stating that he threatened her with death if she should do so.

Upon the death of her 5-months-old child recently she gave his name in filling out a death certificate. Porez is out on \$1000 bail.

Attorney J. A. Kennedy Would Permit Leasing

J. A. Kennedy, well known attorney, who was born in West Oakland and spent his boyhood along the waterfront, believes that the charter should be changed to permit the leasing of the tide lands there. He said yesterday:

"Forty years ago, when my father came to Oakland, he bought property in West Oakland because he saw the natural advantages of the harbor and waterfront. He thought, naturally, that the development of the city would be in that direction. He was right. It is now the logical place for development."

He could have bought property at that time, at Fourteenth and Broadway, at the same price. His judgment as to the natural advantages was correct, but nothing has been done to carry this to its logical conclusion by the people of Oakland.

"Since the city will not, or can not, do this work, it certainly should be glad to have it done by private capital, which will give it everything that can be obtained by expenditure of the city's money."

The development of the western waterfront and the leasing of the tide lands to an industrial district will mean a great deal for Oakland and will bring West Oakland into the prominence that it deserves through its advantageous location. It will mean a saving of leasing the land to the men who will put the money in and their energy into this work, for it will mean an immediate increase in business and a future of industrial and commercial activity that we can get in no other way."

IMPROVERS VOTE FOR SMITH LEASE

Santa Fe Association Gives Endorsement to Plan of Borax King.

At the last regular meeting of the Santa Fe Improvement Association the following resolution was unanimously adopted:

"Whereas, In an amendment to the charter of the city of Oakland to be voted upon at a special election on August 22, it is proposed to extend the period for which leases may be entered into by the city from twenty-five to ninety-nine years, and

"Whereas, Such amendment, if adopted, will enable said city to at once enter into an advantageous lease of a portion of its tidelands upon the western waterfront in what is known as the Key Route basin, the Santa Fe Improvement Association in regular session assembled, hereby resolves that said amendment should be adopted for the following pertinent reasons:

"1. The waterfront of the Key Route basin will be speedily improved with a modern system of docks and wharves, and the fairway dredged to a depth sufficient to accommodate the largest ships engaged in foreign commerce, without any expense to the city.

"2. The construction and management of such improvements will be under the absolute control of the city, and all tolls and charges accruing therefrom will be collected and retained by the city.

"3. The city will oblige themselves in said lease to expend \$1,500,000 on said improvements, and in addition thereto, \$5,000,000 in wharves and other improvements upon the land they lease from the city, all to be done within six years from the date of the lease.

"4. But, line facilities that will permit interchange of traffic between all transportation facilities and the city will be provided by the lessees at their own cost and expense.

"5. The lessees will furnish a good and sufficient bond to the city, under the terms of which failure on their part to faithfully perform all the conditions of the lease will work a forfeiture of the same, together with all the improvements made up to the date of forfeiture.

"6. We feel justified in assuming that many years must elapse before the city can provide like facilities for the extension of our trade and commerce with other countries, by bonding itself to do so; and in the meantime other cities on this coast will have secured from us the traffic that we have been unprepared to handle."

Water Company Gets Muller Creek Source

By deeds just recorded the Peoples Water Company acquired the title of Florence M. and B. S. West and Nellie and John Baxter to the southwest quarter of township 2 south, range 2 west, giving the utility the headwaters of Muller creek, a feeder of San Leandro creek, which ultimately finds its way into the Chabot reservoir. The land is situated high back in the foothills and is within the watershed now controlled by the company.

It is the run-off from this entire area that supplies the reservoir, as one of the units in the east bay system. The money involved in the transfer was probably very little, as the company has long been the proprietor and fee owner on the lower part of the creek for many years.

CONFESSION SAVES MAN FROM DEATH

One Sentenced to Electric Chair and Another to Prison for Life as Result of Crime Another Says He Committed

NEW YORK, Aug. 11.—One man was snatched from the death chair and another saved from spending his life behind bars through a voluntary confession today by the real murderer of Charles Phelps and Margaret Wolcott, in 1915.

Charles P. Stielow, sub-normal German, was three times made ready for the chair and three times saved through reprieve.

Nelson Green "confessed" after days and nights of third degree to the charge that he helped Stielow kill Phelps and the Wolcott woman, and was sentenced today to life imprisonment at Elmira.

Irving King, innocent junk man, made a voluntary confession today at Little Valley which exonerates Stielow and Green.

Stielow, it was learned by telephone from Sing Sing, will remain in the death house until the court takes action on the King confession.

Girl Swimmer Treads Seal Rocks

SAN FRANCISCO, Aug. 11.—At 10 o'clock this morning Miss Ella Crist of San Francisco was virtually unknown as a swimmer. At 11 o'clock she became famous.

Entering the waters of the Pacific Ocean between the Cliff House and Saltwater pier, Miss Crist swam to the Seal Rocks, circled everyone of them, and then swam back to shore. She was in the water one hour.

Miss Crist was never in danger. She has never competed in an aquatic event. She is the second woman to accomplish the feat.

AMERICAN SHIPPERS PROTEST BRITISH CARGOES DETENTION

LONDON, Aug. 11.—American shippers to Holland are bombarding the British government with protests as a result of detentions of cargoes consigned to The Netherlands Overseas Trust. It is understood here that the protest may be backed by diplomatic action at Washington. In April of last year, replying to a protest from Washington over the detention of the American steamship Segura, the foreign office made the following promise:

"While his majesty's government does not require cargoes to be consigned to The Netherlands Overseas Trust, they do accept a consignment in that form as proof that the cargo is intended for bona fide consumption in Holland."

This was widely circulated in the United States not only in the press but in circulars issued by British consulates and various chambers of commerce.

In the last two months between thirty-five and forty consignments to The Netherlands Overseas Trust have been held up, some in bonded warehouses in Holland, awaiting action, while others have actually been placed in prize courts. American shippers complain that the British government has not adhered to its pledge and it is expected they will seek the assistance of the state department.

News of Death Waits Master Mariner

Captain Olat Johnson, commanding the steamer Gray's Harbor, has not been notified of the death of his son, William, who was killed yesterday in a railroad accident near Savannah, Georgia, while on his way to this city. Somewhere between the Columbia River and San Pedro the vessel is wallowing in the heavy sea, with its master standing on the bridge. Having no wireless aboard ship, he is as yet unacquainted with his son's death and some doubt is expressed if he will know of the accident for two days.

Young Johnson was 20 years old, and had been accustomed to sailing with his father on his many voyages. It was while the elder man was commanding the steamer Edna that the ship was seized by the British naval authorities. Both Johnsons were requested to leave their ship, but father and son refused and stayed with the vessel until released.

On their return to the bay region from the Barbados, where they had met the British naval squadron, Captain Johnson decided that his son must have an education in the profession of seafaring among strangers rather than under his own friendly tutelage. The youth went out on the steamer California as third mate, and came back from that voyage only a few days ago. It was on his way north that the fatal crash came.

Arbitration Urged by Mayor Rolph

SAN FRANCISCO, Aug. 11.—Arbitration of all of San Francisco's industrial disputes will be attempted at once, if the suggestion of Mayor Rolph, in an open letter made public today, is adopted by the Chamber of Commerce and the labor unions involved.

The mayor proposed that the central labor bodies and the employers' organizations appoint five members each and that to the board so organized be added Archbishop Hanna and four other clergymen appointed by the archbishop. He suggests that such a board be given power to act and express the belief that it "could quickly relieve much of the present industrial friction, correct abuses, prevent strikes, lockouts and boycotts and insure industrial peace, without which neither capital nor labor can prosper."

The mayor's suggestion was immediately endorsed by the Building Trades Council, and other union organizations are considering it today. The employers' organization has not yet replied to the mayor's appeal.

Simultaneously with the mayor's appeal the police committee of the board of supervisors rejected the proposed ordinance to make picketing by striking workmen a misdemeanor punishable by a fine and imprisonment.

William Edith street contractor, Morrell claims that he intercepted the three youths near his home two nights ago driving away from his place with two bales of his hay in their wagon.

SANITATION O.K. AT BORDER CAMP

N. Y. Civic Federation Expert Says Survey Shows Good Conditions.

FIELD HEADQUARTERS, AMERICAN PUNITIVE EXPEDITION, Aug. 12.—The extraordinary good health of the troops in Mexico is due in great part to cheerfulness, according to Dr. Thomas Darlington, who is inspecting camps on behalf of the New York Civic Federation. Dr. Darlington, formerly health commissioner of New York city, has just finished inspecting the military camps along the border, which feature of his work he declined to discuss. Of the camp here he said:

"Under the conditions no camp could be no better. I have only one criticism—that there are not enough screens."

He said he did not believe the files in the camp were dangerous under the "present admirable sanitary conditions."

"But the men need more rest in this climate," he urged, "and a larger supply of cotton netting would permit them to get this additional rest during the day."

"The camp is well situated, the water pure, the drainage system good and the refuse disposal system admirable. Strict discipline, which make it possible for the present sanitary arrangements to show results, is, next to the troops' morale, the most important factor in preserving the expedition's health."

"The low percentage of sickness is, to me, astonishing."

Prevalence of slight intestinal disorders is asserted by Dr. Darlington as due to natural causes induced by heat. He denied that the present plague of flies could be blamed to camp conditions, ascertaining that the flies were "natives," and there were enough breeding places in the neighborhood for all the insects that infest the camp.

Livingston Funeral Is Held From Home

The funeral of Mrs. Lillian Harrington Livingston, who passed away at her home, 572 Twenty-fourth street, after a short illness, was held this afternoon at 2 o'clock. Interment took place at Mountain View cemetery.

Mrs. Livingston is survived by the widower, Samuel Livingston, five children, Bernice E. Gladys, Rose M., Ethel P. and Raymond B. Livingston, and two brothers, Herman and Sol Greenberg of New York. She was 40 years old at the time of her death, a native of New York, but had been a resident of this city for some time.

She was well known about the bay both in the social and fraternal life of the community. As secretary of the Sisterhood of Temple Sinai and a member of the order since its organization, she was perhaps best known among the fraternal orders in the bay region.

County Mayo Men Ready to Celebrate

An elaborate program has been arranged by the Mayo Men's Association of San Francisco for the annual reunion to be held Sunday at Glen Park in that city of the natives of County Mayo and their friends. The festivities will continue throughout the day, with a basket luncheon at noon and a series of games and athletic sports, competition and pavilion dances, oratory and literary numbers. The Mayo men have designed it to be the gala Irish outing of the summer season.

Frank Funeral to Be Held at Parlors

Henry Frank, who for the last three years has occupied the position of special collector at the California School for the Deaf and Blind, Berkeley, passed away during the night, and his funeral will take place tomorrow morning at 10:30 o'clock from the Albert Brown parlors.

Mr. Frank, forty-five years of age, had been a teacher of the deaf in the Berkeley school, and no one in the West was better acquainted with mute educational methods than Frank.

Declares Wife Met Man at Exposition

SAN FRANCISCO, Aug. 11.—Accusing his wife of posing as a single woman and of an affair with a man he knows only as Baldwin, Charles Pearn began secret proceedings for a divorce today against Josie D. Pearn. He declares that she led him to believe that she was working on her books at the office, but discovered later she was meeting Baldwin at the exposition. Finally, August 1, he received a letter from her saying she had left him and was far away.

SUES FOR COMMISSION

J. H. Grande, one of the candidates to succeed Dr. P. P. Jackson in the recent recall election, filed suit this morning against the San Francisco Produce Company for an unspecified amount alleged to be due him in commission. The plaintiff declares that for the last year he has been handling fruit on consignment and the defendants have refused to render an accounting.

CHRONIC DYSENTERY.

"An old gentleman of this town who was at the point of death with chronic dysentery some time ago and had given up all hope of recovery was induced to try Chamberlain's Colic, Cholera and Diarrhoea Remedy. One dose stopped the discharge, and after taking a few more doses he was entirely cured," writes J. H. Baer, West Manchester, Pa. "Many residents of Baer's Station can testify to this, and were aware of the old gentleman's condition." For sale by Osgood Bros. Drug Stores.—Advertisement.

Relief From Diabetes

Notwithstanding the advance of medical science during the past century, Diabetes still continues to baffles the most learned medical men. Thus far no one has been able to discover a definite cure for this dreaded disease and its ravages. However, much progress has been made in relieving the suffering of the afflicted. The most satisfactory results have been obtained by sufferers from Diabetes through the use of Warner's Safe Diabetes Remedy, which is recommended and prescribed solely for Diabetes and has been the means of relieving thousands of sufferers who thought themselves beyond all aid. Rev. Alvin H. Norton of Cashmere, Wash., R. F. D. No. 2, writes as follows: "I had Diabetes and was given up by all the doctors of my town. I took Warner's Safe Diabetes Remedy and am now perfectly well."

Despondent Painter Shoots Self; Dies

David S. Reseligh, despondent because of lack of employment and illness, walked to within a block of the municipal morgue at East Fourteenth street and Twenty-third avenue today, and shot himself through the head. He died before medical aid could be summoned, and his remains were removed to the morgue, where an inquest will be held.

Reseligh was a painter, 46 years old. He resided at 2540 Highland avenue, where he leaves a wife. It was in a note to her that he explained he was about to take his life because of his despondency resulting from his failure to procure employment and his illness. He shot himself in an alleyway adjoining the house at 2270 East Fourteenth street, almost within view of the persons passing on the sidewalk a few feet away.

Geo. Osbourne, Noted San Franciscan, Dies

SAN FRANCISCO, Aug. 11.—Death from apoplexy today ended the stage career of George Osbourne, one of the oldest actors on the Pacific Coast, at his home here. He was the first male white child to be brought to San Francisco. When he was sixteen he was preparing to go to Los Angeles to play the part of Junipero Serra in the San Gabriel Mission play.

WHOLESALE AND RETAIL DEALERS IN
FRUIT, PRODUCE, BUTTER, EGGS, MEAT, POULTRY, GAME.

Formerly at 303-305 Twelfth Street, cor. Harrison Street.

New Address:
347 Thirteenth St., Cor. Webster

Phones: 1336 and 1337.

Oakland, Cal., 1916.

TO THE PUBLIC:

We wish to announce that we have moved from our old location, 303 Twelfth street, to our new and up-to-date market at 347 Thirteenth street, S. E. cor. Webster, where we will be better able to accommodate our many patrons.

We have erected, at considerable expense, the very latest appliances in Sanitary Refrigeration, so as to guarantee our customers the best goods at reasonable prices from our Poultry, Meat and Fish Departments. For the convenience of our customers we have opened a Fish Department under the management of Mr. King, where you can always depend on getting the best market affords. The Fruit and Vegetable Department, as before, is in charge of Mr. Husing, assisted by a competent force of salesmen, where everything in the fruit and vegetable kingdom will be on display, as we have ample space to show our large assortment to advantage.

When we say our Poultry Department is the finest in the West, we make no boast. Can you blame us then, if we feel justly proud of the quality it produces?

Not only are we known in Oakland, Berkeley and Alameda, but all over the state, as our shipping department can verify. If it is possible for us to add any new feature as to cleanliness in the handling of our poultry, we claim we have done so, and reached the acme of perfection through the installation of our refrigerated system.

Under the management of Mr. Bosworth and his capable assistants, we feel the Meat Department will be even a greater success, as all customers will receive prompt and courteous attention, and the best cuts of meat the market produces.

Our office and Credit Department is in charge of Mr. Bowe, who is always ready to receive new charge accounts, and should occasion arise where corrections are necessary, it will afford him pleasure to be at your service.

Our delivery, as before, will leave at 10 a. m. and 2 p. m. We will also give free delivery to Berkeley, Fruitvale and Alameda on all orders of \$2.00 and over. Our phone number is Oakland 1336, where you can get prompt attention.

We have gone to special expense to install the latest and best system of refrigeration in order to maintain automatically the temperatures best adapted to most perfect preservation of food for our customers and patrons, and will be pleased to have the public inspect the same. An open automatically refrigerated counter is a distinct novelty and advance in markets, and has not before been seen in the Bay Cities.

Yours sincerely,

Phillips & Leisz

MRS. LEONARD A. WILBUR. (Ruth May McKenzie), a beautiful bride of yesterday. An accomplished singer, she has been heard in concert many times around the bay.

Any number of visitors—distinguished socially or professionally, or both—are circulating this summer about California. There's scarcely a spot that hasn't been seized upon by the personages of the Eastern beau monde who usually fly to Europe. They're being entertained in every gay spot and beach resort and city in the State, so that, after all the gloomy prophecies of dreary exposition aftermaths, the season has been socially singularly a kaleidoscope.

Of the many visitors in the east bay none has been greeted with more warm enthusiasm than Ben Woodworth, who has come out on two months' leave from "somewhere in France," where he has been with the American ambulance corps. It is fully a year and a half since he and Harry Butters, his cousin, departed with many farewells for Europe, and it is only a few weeks now till September 1, when he leaves again, so a host of friends are rivals for the opportunity of entertaining for him.

Last night Mrs. Selma Woodworth was hostess at a dinner party at her Berkeley home for her nephew and tonight Mr. and Mrs. Charles Champion will give another large dinner at Edgemont, the Champion place back of Fruitvale, at which he will again be the guest of honor. Mr. Champion, who is a cousin of Mr. Woodworth, has invited a number of the visitor's relatives. Later, Mrs. R. A. Bray, another cousin, will entertain at a family dinner for him.

After bidding Mr. and Mrs. Franklin Dunning Fowler (Dorothy Tuttle) bon voyage Wednesday, when they sailed for a month's honeymoon in the Hawaiian Islands, Townsend Martin and Ludlow Fowler of New York joined Mr. and Mrs. Francis P. Palmer and their party at Del Monte.

The Palmers, together with Ludlow and Powell Fowler, Miss Ruth Fowler and Nicholas Morgan and Tommy Palmer, came out a week and a half ago in a private car to attend the Tuttle-Fowler wedding, which came off with such eclat last Monday night in Berkeley. They are all prominent Eastern society people. Mr. Martin, who belongs to one of the oldest and most distinguished families in New York, and Ludlow Fowler, a brother of the young bridegroom, remained behind, while the others went down to Del Monte, so that they might be at the docks Wednesday.

In the light of many rose candles that illuminated an altar of rose-pink gladioli and thick woodwardia ferns was solemnized one of the prettiest Alameda weddings of the early fall last evening—the wedding of Miss Hazel Holt, daughter of Mr. and Mrs. B. J. Holt, and Albert C. Agnew. A hundred or more guests—relatives and friends of the two families—witnessed the ceremony and enjoyed a gay dance after the wedding supper at the Holt home in Morton street.

Pink had been chosen as the predominant color in all the decorations and in the reception hall pink hydrangeas and asters filled great hanging baskets. Blossoms, fastened with streamers of tulle, adorned the stairway and barked the drawing-room, where the service was held by the Rev. Mitchell of St. Andrew's Episcopal church. The candles that flamed on the improvised altar burned in seven-branched antique brass chandeliers and cast a soft glow over the ivory white and silver and black of the bride party that was unusually charming.

The bride, who is one of the favorites of the young set of Alameda society, appeared in a robe of rose-pink gladioli and a filmy lace—white tulle caught with silver bows—falling over cloth of silver. The short or the short of the lace forming the bodice and the short flowing sleeves. From the waist continuing down the skirt, just beneath the trailing veil that fastened at the back of Miss Holt's collar, was a diaphanous high comb. Her bridal bouquet was a shower of lilies of the valley.

After the 9 o'clock ceremony the bride and groom and the bridesmaids and groomsmen, in formal evening dress, were seated at the bride's table were seated, among the guests, Mr. and Mrs. Earl Borton, Mr. and Mrs. Augustine Keane (Childers Lansing), Mr. and Mrs. Allen Field, Mr. and Mrs. Charles Lewis, Mr. and Mrs. Leon Grove, Miss Ethel Plummer, Mrs. Florence McIlroy, Walter Burpee, David Caldwell and Clarence Burton of Reno. For several weeks before their return to make their home in Alameda Mr. and Mrs. Agnew will tour the Canadian Rockies, visiting Lake Louise, Banff and other watering places there. Mrs. Mary O. Agnew, the mother of the bridegroom, who came out from Washington, D. C., especially for the wedding, will return to her home within a few days. The Agnew family is a clan of Virginia nobility and it was at Columbia Law College in Washington that Albert Agnew received his degree.

Planning to be away until the middle of September, Mr. and Mrs. Mark Herpin, accompanied by their young daughter, Mrs. Amy Regan, left last Sunday for Alaska.

One of the first affairs at which society will gather this fall after the long summer away will be an al fresco supper dance next Wednesday evening at the home of the Wallace M. Alexanders in Crocker Highlands. This will really be the launching of the larger festivities in the east bay since the opening of the schools has called so many home.

Mrs. J. Cameron Fraser Jr. was hostess yesterday afternoon at a pretty bridge in honor of Miss Herlina Nowell, whose marriage to Charles Washington Fraser is scheduled for the early winter, entertaining at this affair a score of young matrons and girls. Gilded baskets of hydrangeas in pastel tints and an arrangement of pale pink amaryllis and Lady Maryland flowers filled the card room with color, while the dining room was brilliant with the blue and gold of deep toned asters and forget-me-nots.

An interesting engagement that has been made public is that of Miss Doris Devereux of San Francisco and Lieutenant Commander Stanley Parker of the Coast Guard Service, now attached to the Thetis. The announcement, made last Thursday at a card party given by Mrs. Evans Ames at Walling, will be followed very quickly by the wedding next Sunday across the bay and by the immediate departure of the young people for Mobile, Alabama, where Lieutenant Commander Parker expects to be stationed for the next few years.

Richard Cook, the Oakland singer whose tenor voice has made many friends for him in Berkeley, will again be heard at a Sunday evening concert at Alice Hotel Shattuck, August 13. Miss Alice Davies, also of Oakland, will appear on the program in solo and in trio work with Josephine Smith and Florio Cooper, the trio including violin, cello and piano. Cook's numbers include: "A Little Love, a Little Kiss" (Silent Song), "The Little Girl of Heaven" (Ballad), "La donna e mobile" (Credo), "Because" (Harlequin), "Beneath Thy Window" (Credo).

Announcement has been made of the engagement of Miss Zoe Havner, daughter of Mrs. Franklin Havner, 1070 Laver Avenue, and Leland Hays of Burlington, Vermont. The wedding will take place in October at a date not yet set. The Havners formerly lived in New York but have made their home in the east bay for the past two years.

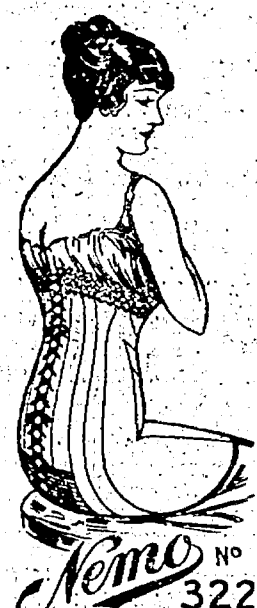

September 12 has been chosen by Miss Elizabeth Page, daughter of Mrs. W. W. Page, as the date of her wedding to Ralph Gorrell. Mrs. E. L. Gray entertained twenty-two members of the Fruitvale Club last Wednesday evening at her home in Oak Grove avenue. Cards, music and dancing were the diversions of the guests.

CALOMEL ISN'T SOLD HERE NOW

Nasty Drug Salivates, Makes
You Sick and You Lose a
Day's Work.

Every druggist in town — your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tonic is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tonic is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tonic is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tonic is a pleasant (tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling finer, no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tonic instead and feel fine, full of vigor and ambition.—Advertisement.

THE CONFESSIONS OF PROXANE

By FRANCES WALTER.

What happened during the remainder of the afternoon is an unwritten book to me. I remember seeing Mariam some distance away and of her waving her handkerchief gayly to us as we approached but after that all is a blank. Yet I did not swoon. I learned afterward that my behavior was almost natural. The only thing unusual was that while my remarks were frequent, I did not attempt to join in a sustained conversation. As a matter of fact, I was as oblivious of my surroundings as if I had been walking in a sleep. Indeed, that is precisely what I was doing, except that the sleep which had come over me of a night of debauch. He recalls taking a drink in such and such a place, but how he got home or how he got out of his clothes he had in complete mystery. That was exactly the way with me.

I put my hand to my forehead to brush back my hair. My skin was hot with fever. I attempted to rise, but felt back exhausted. What had happened to me? My temples throbbed and my mouth was parched. Was I ill? I felt that, after all it did not matter, and I allowed my muscles to relax and my head to sink lower into the pillow.

The sun was shining through the window. But was it the sun? Yes, of course it was. A gentle breeze fanned my cheek. I looked down upon the coverlid and saw a slender hand thin almost blue veins. Whose hand could it be? Slowly I came to myself. I was indeed myself. It was uncontrollable. But what had happened? I was walking with a figure in white detached itself from a spot near the window and came to the bedside. A cool, soft hand caressed my

head. A soothing voice bade me sleep and "rest." I looked long into the face which was above me. I did not know it. My eyes traveled to the cap which covered the head and back to the habit which clothed the figure. Then I smiled faintly. Of course she was a nurse and I had been ill. A wave of satisfaction swept over me and I closed my eyes again. I had solved the mystery.

But why had I been ill? My eyes opened once more and again I studied the white-clothed gentle-faced young woman. Yes, there was no doubt about her being a nurse, and hence there was no doubt about my having been ill. I moved my hand weakly across the coverlid and twined my fingers about the cold of the woman's hand.

"Tell me," I said in a voice that was little better than a whisper. "Wait until you are stronger," she replied softly. "Very well," I told her, and closed my eyes again.

It must have been the next day when I roused again. I saw the nurse at the window, but I felt no curiosity. I recognized her without looking at her. My hand and looked at it calmly. I had been in my room for two weeks and that by some miracle I had been brought back to life. But there were many things which I did not know, and questions began coming to my mind and clamoring for solution.

The nurse discovered I was awake and came swiftly to me.

"Sit down," I told her. Instead of obeying she brought a glass in which there was a colorless liquid, a spoonful of which she gave me to drink. "Sit down," I repeated.

She drew her chair up to the bedside and looked at me. "What is the matter with me?" I asked her. "Have I been ill long?" She studied my face for a moment as if considering how much she might safely tell me. Evidently she was somewhat satisfied with what she saw for her lips curved and a little dimple came into her smooth cheek.

"Two weeks," she replied briefly. "You have been very sick, but you are better now and will get well very soon." I closed my eyes to think. Two weeks! Till two weeks? Why, it was only yesterday that I was walking with a figure in white. I remembered distinctly. It was impossible!

"Are you sure?" I asked her. She smiled faintly. "Quite sure." It was time before I could realize the truth, but at length I concluded that the nurse must be right. But if she was, where was Arthur? Why was he not at my side?

I glanced uncertainly at my attendant. Should I ask her about Arthur? (Copyright, 1916, by the McClure Newspaper Syndicate.) (To Be Continued.)

PICAYUNE DISPUTE CAUSES BIG SUIT

Small Bill for Undelivered Show
Cases Was Ruin, De-
clared Tailor.

As great oaks grow from little acorns, so has a suit for \$10,637.75 grown out of a little order of several months ago by David Miller, an Oakland tailor, for the manufacture of two eight-foot show-cases and one twelve-foot wall case. Sol Hasko, of 460 McAllister street, San Francisco, is the defendant in the suit filed by Miller, who declares that a contract delivery price of \$256 was agreed upon between them.

The plaintiff alleges that, although the furniture was never delivered to him and is still in the possession of Hasko, the defendant did on May 19 procure the institution of a suit on his behalf against Miller by the Equitable Adjustment Agency for the payment of the contract price plus \$101. Furthermore, the defendant, it is alleged, levied a writ of attachment on Miller's store and injured his business.

The plaintiff further alleges that Hasko persuaded him to settle the dispute by the payment of \$56.10 in cash and a promissory note for \$372, secured by a chattel mortgage on Miller's fixtures and furniture at 1008 Broadway, including the undelivered show cases. On July 7, the plaintiff declares that Hasko filed suit for foreclosure and made an affidavit to the effect that the showcases were in Miller's possession.

Miller insists that as a result of these actions his credit has been damaged to the amount of \$5000, that his creditors compelled an assignment to a trustee, that he was forced to pay \$475 for attorney's fees and \$156.25 for costs, and that he has been further generally damaged in the sum of \$5000.

Then you turn to the titles beginning with the letter "M," but again you are disappointed. There is no such title here as "Missed the Train," or anything like it.

"Something is the matter with my commonsense," you complain. "Let's see again what that picture looks like, anyway." And you look at it CAREFULLY this time. "Wait!" you suddenly cry. "Look, the clock says 9:40 and the woman is saying, 'The train left at 9 o'clock.' Therefore the man is forty minutes late. I wonder if there is a title of that sort. If there is, it will fit the picture perfectly!"

And you turn to the titles beginning with the letter "F," and there you find it—"Forty Minutes Late." The catalog had the title right there for you, if you had only allowed it to work out the picture, but you were too busy to notice the vital part of the picture at your first glance.

SLIDES DECREASE CANAL TONNAGE

Ships Passing Through Fall Off
From 1,088 to 787 in
Year.

WASHINGTON, Aug. 11.—Slides in the Panama Canal decreased the number of ships passing through the canal from 1088 in the fiscal year 1915 to 787 in the year closing July 1 last. The net tonnage fell from 3,843,035 to 2,479,761 and the cargo carried from 4,359,732 to 3,140,046 tons.

Expenses of operation and maintenance totalling \$6,999,750 exceeded receipts from tolls by \$4,599,919. During the preceding year when the canal was open the tolls exceeded expenditures by \$276,656.38. Gallard cut dredging alone cost \$3,613,350 and total dredging charges were \$3,560,016 as against \$1,769,475 last year.

Girls, Dodge the Blue-Eyed Man

'Cause Why? They Are
Too Adventurous

CLEVELAND, Aug. 11.—Unfaithfulness lurks behind the blue eyes of men. Blue-eyed men make very, very poor husbands. That's the statement of Bradley Hull, who, by the way, is brown-eyed. Hull ought to know. He's attorney for the Cleveland Humane Society. He declares that 75 per cent of the men who have forsaken their wives or children during the last seven years here are blue-eyed men.

"I've got figures to prove this indictment against such men," said Hull. "Maybe the blue-eyed man is more adventurous."

PARALYSIS TOLL SHOWS DECLINE

Thirty-One Children Succumb
During Last 24 Hours; 165
New Cases.

NEW YORK, Aug. 11.—The epidemic of infantile paralysis showed another slight decline today and the health experts who are fighting the scourge here were more hopeful that the cool weather which relieved the city yesterday would materially check the spread of the plague. The daily bulletin of the health department shows that during the twenty-four hours period which ended at 10 a. m. thirty-one children died of the disease and 165 new cases were reported in the five boroughs of New York City. These figures compare favorably with yesterday's when thirty-eight children were killed by the plague and 175 stricken.

DEATH FOR STRIKERS IN MEXICO CITY

Carranza Brands Electric Tie-Up. "Rebellion;" Throws the Leaders Into Jail, Charging Treachery to His Government

American Syndicates Back of Move to Stop Work in Munitions Factories, Avers First Chief in Mexican Paper

EL PASO, Tex., Aug. 11.—The text of a decree wherein First Chief Carranza evokes the death penalty against the strikers who paralyzed Mexico City through a general electric strike appears in copies arriving here today of El Pueblo, a daily published in the capital.

In tying up transportation, plunging the city in darkness and cutting off its water supply, the strike is held by Carranza to be no strike at all, but an act of pure treachery against his government, whose enemies will receive encouragement by it.

The strike was declared on July 31 by the Confederation of Syndicates. The paper, dated August 3, gives a list of the leaders then in prison on the charge of rebellion. It said that the strike was assisted by North American syndicates, and that it stopped work in the arms and munition factories, which was construed as treachery to the de facto government.

Seeks Aid to Fight Fire; Is Shot Down

WEAVERVILLE, Aug. 11.—J. F. Gallagher was shot in the hip and leg while shouting for help to save his burning home at Junction City. Seeing his home in flames, Gallagher ran to the river's edge, shouting across the stream for help. Herman Reasfield, a stranger to Trinity county, was in camp on the other bank. He is alleged to have fired twice at Gallagher instead of trying to help him save his home. Reasfield is in jail, and Gallagher is in the county hospital.

SIX PERSONS INURED ON SEA HIGHWAY

Four Women Among Victims of
Accident Due to Blowing Out
Tire While Machine Travel-
ing Along Sloat Boulevard

Driver Loses Control of Motor
Following Explosion at an
Early Hour This Morning;
Car Catches Fire; Is Lost

SAN FRANCISCO, Aug. 11.—Six persons, including four women, were injured, two of them seriously, when a seven-passenger automobile turned over on Sloat boulevard near Thirty-fifth avenue at 7 o'clock this morning and was burned to ashes. Those hurt were:

Miss Dussima Alvarado, 250 Columbus avenue; extensive lacerated wound of the scalp, possible internal injuries.
Harry Bracker, sailor, St. Clement Hotel, 269 Fourth street; lacerated scalp and forehead, bruises of the body; serious.

Charles Webber, 54ker, St. Clement Hotel; broken shoulder, cut face, hair burned off; serious.
Miss Maud Bely, 31roy; cuts and bruises.

Miss Stella Davis, 31roy; contusions and lacerations face and hands.
Miss Irene Smith, 31roy; suffering from shock.

The accident was due to the blowing out of the tire while the machine was going at a rapid rate in an easterly direction on the highway. Bracker was at the wheel and the report of the explosion was followed by a sudden collapse of the wheel itself. The car turned turtle and toppled over. Miss Alvarado was caught under the front seat. Bracker was pinned by the wheel and Webber, entangled in a fender, was directly in the path of the flames that immediately burst forth as the gasoline tank blew up. The three other women, all of whom were in the back seat, were thrown clear of the wreckage and busied themselves trying to save their companions.

Miss Alvarado was rescued in a semi-conscious condition, next Webber was pulled from the path of the flames, which had already burned most of the hair from his scalp. Before aid arrived the machine was completely consumed.

A watchman at the Spring Valley pumping station nearby telephoned for aid and the park ambulance and a machine from the park police station responded. All of the injured were conveyed to the hospital. The police authorities are making an investigation.

It was learned that the three young women from 31roy had been met at the Southern Pacific station at 11:30 p. m. by Bracker, who owns the automobile, and then started out on a ride.

Dr. Fleishner, who treated the injured, stated that none of the patients would die.

Indoor Life Makes Fat

TRY OIL OF KOREIN TO KEEP
WEIGHT DOWN, OR TO RE-
DUCE SUPERFLUOUS
FAT.

People who are confined within doors and who are deprived of fresh, invigorating air and exercise must take precaution to guard against over-stoutness, as fat acquired by inactivity is unhealthy and a danger to the vital organs of the body. Lack of exercise in the fresh air is a potent factor in the development of the power of the blood, so that it is unable to produce strong muscles and vitality and the formation of unsightly and unhealthy fat is the result.

If you are 15 or 20 pounds above normal weight, simply drawing on your reserve strength and are constantly lowering your vitality by carrying this excess burden. Any persons who are satisfied in their own mind that they are too stout are advised to go to Drug Dept. at Kahn's, Broadway, San Pablo and Sixteenth street, or a good druggist and get a box of oil of korein capsules, and take one after each meal and one just before retiring at night.

Even a few days' treatment has been reported to show a noticeable reduction in weight, improved digestion and a return of the old energy. Footsteps become lighter and the skin less flabby in appearance. A superfluous fat disappears. Oil of korein is inexpensive, cannot injure, and helps the digestion. Any person who wants to reduce 15 or 20 pounds is advised to give this treatment a trial. Advertisement

CHICAGO'S DEATH MYSTERY DEEPER

No Poison Found in Body of
Morse E. Davis; Son Re-
nounces Woman.

CHICAGO, Aug. 11.—The poison mystery surrounding the death in the Congress Hotel of Morse E. Davis, a Victoria, B. C., mining engineer, deepened today.

Coroner's Chemist William D. McNally injected a new element into the case when he announced, following an examination, that no poison was found in the dead mining engineer's stomach. This blasts the theory that Davis by mistake took salts accidentally mixed with poison.

"There was no chance of mistaking the poison for the salts," he said, significantly.

Morse E. Davis Jr., son of the dead man, arrived in Chicago during the day to clear up the mystery, but failed, according to Attorney Rothschild, who represents relatives of the dead engineer.

Morse Jr. left, declaring the woman living at the Congress was not married to his father as far as he knew. He also said he believed his father killed himself because enemies were watching him.

JEWEL THIEF BETRAYED BY HAND SCAR

Notorious "Skylight" Burglar of Los Angeles Confesses Theft to Shield Brother Arrested on Robbery Suspicion

Loot Valued at \$7,500 Believed to Be in Hands of Beauty Who Roomed at Alexandria Prisoner Is College Grad.

LOS ANGELES, Aug. 11.—The imprint of a small peculiarly-shaped scar on a dusty jewel show case, betrayed John B. Morgan to the police and he is in jail today charged with looting five Los Angeles business houses from which he obtained \$7,500. According to the police, Morgan, alias John Martin, confessed only after his brother, W. H. Morgan, a first salesman of Kansas City, Mo., had been arrested for the crime. Brotherly love and the small raised scar on his hand in turn brought suspicion and then direct charges against the man now believed guilty.

The police state that W. H. Morgan was released today, after further investigation as to his activities before and after the five burglaries. Both Morgan and his brother's brother occupied expensive suites in the Hotel Alexandria.

SEEK BEAUTIFUL WOMAN.

The alleged burglar was friendly with a beautiful woman, known to acquaintances and the police as "Babe." The woman cannot be found, and a detective net has been spread for her capture, the police believing that it was due to her influence and brains that the robberies were committed with such success. It is also thought that she may know the whereabouts of much of the \$7,500 loot, which, as yet the police have obtained no clue.

Morgan was arrested by Patrolman W. S. Burney, who claimed he found him endeavoring to dispose of an expensive diamond earring under suspicious circumstances. A detective, called into consultation by the police, recognized the scar as similar in shape to the imprint on the dust of a jewelry house's show case, which had been robbed several weeks before. Just before the arrest Morgan's brother had been taken into custody on another clue by the police.

CONFESSES FOR BROTHER.

It is said that the two brothers, the chief of Los Angeles detectives and the chief of police held a long conference, after which Morgan broke down and freed his brother of suspicion. Both men were detained, however, until the alleged movements during the last few weeks have been entirely traced.

From snatches of conversation and from fragments of the burglar's own story, it is thought that he is a college graduate from an Eastern law school. The police claim, however, that he is an ex-convict, who escaped from the Baton Rouge, La., state penitentiary, after serving one year of a three-year sentence. Other clues seem to point to Morgan as the black sheep of a prominent Kansas City family, from which he has been estranged for years.

The police have been searching for the "skylight burglar" for a month, the mysterious law-breaker smashing the skylights of jewelry and dress houses, thus entering the stores below.

Fourth Venture in Matrimony for Her

A fourth matrimonial venture was launched by Mrs. Hicks of San Jose, when she took out a marriage license to wed "Doctor Wenzel Riedel," 45 years of age, of San Jose. Mrs. Hicks gave her age as 44.

The first essay was when she became Mrs. Elizabeth Bell, and was followed by a marriage to Hicks, whose name she now uses. Her third marriage, an aged and well-to-do retired agriculturist by the name of Stough. Their honeymoon was cut short, however, by Stough's child, and he left for the East and was reported to have died in New York a few months later.

"Doctor Wenzel Riedel" is not registered in San Jose or in the Physicians and Surgeons' directory.

MISS MARGARET B. ELLIOTT

Rabbi Coffee's Address Expected to Draw

At Temple Sinai this evening before and after the lecture to be delivered by Rabbi Rudolph I. Coffee of Chicago, Miss Margaret Bradley Elliott will present a musical program. Rabbi Coffee is a graduate of the Oakland high school and is well known as a public speaker. It is anticipated that a large number of persons will be present to greet the speaker.

Blind for Lifetime; Widow Sees Her Son

SAN FRANCISCO, Aug. 11.—Operated upon for the removal of cataracts which have completely blinded her since she was a year-old infant, Mrs. Mary Josephine O'Farrell, a widow of 3987 Nineteenth street, 83 years old, looked today for the first time upon her son, F. J. O'Farrell, a druggist of Santa Clara, who is 33 years old. The operation which was performed by Drs. Aaron S. Green and L. D. Green at the St. Francis hospital, is one of the most remarkable in the history of surgery.

When Mrs. O'Farrell was a baby of one year in the county Galway, Ireland, she lost the sight of both eyes as the effect of a cold which settled in the eyes. She was operated upon in her childhood by Sir William Wilde, the eminent oculist of Dublin and father of Oscar Wilde, and other surgeons, without success.

She was married in Galway to M. J. O'Farrell forty years ago and never saw the features of her husband who died several years ago, and never until today has she looked upon the face of her only son.

Girl Tries Suicide; Then Races for Aid

STOCKTON, Aug. 11.—A handsomely dressed girl about 25 years of age dashed up to the Emergency Hospital here in a taxicab this morning and informed the physician in charge that she had poisoned herself. Hurried administration of antidotes saved the girl's life. Questioned about her reason for attempting suicide, the girl, who gave her name as Miss M. Willis and residence as Los Angeles, refused to divulge any information.

WANT MAYOR TO APPOINT JUDGES

San Francisco Civic League Would Give Executive Power Over Police Courts.

SAN FRANCISCO, Aug. 11.—Giving the mayor power to appoint police judges and a charter amendment aimed to correct conditions in the police courts of the city was approved by the Civic League last night.

Forty-eight representatives of improvement clubs voted for the amendment, against ten votes in the negative.

Besides making their office an appointive rather than an elective one, the proposed amendment would require the constant attendance in open court of at least one of the four judges from 8 o'clock in the morning until 2 o'clock of the following morning, Sundays and holidays included, the purpose of the latter change being to eliminate the bail bond evil.

The proposed amendment would fix the term of the judges at six years, and leave them subject to recall by popular vote as at present. It also provides that any police judge shall be automatically retired after announcing his candidacy for the Superior bench.

An amendment to this proposed amendment, which would raise the salary of the police judge from \$800 to \$100 a month, was carried by acclamation.

The main amendment was advocated in an address made by E. A. Walcott, Civil Service Commissioner, secretary of the Commonwealth Club, while the salary change was proposed by Corneley L. Moore, also a member of the Commonwealth Club.

The only opposition voiced at the meeting came from former Police Commissioner H. W. Hutton, Supervisor A. J. Gallagher, J. C. Quinlan, a veterinary surgeon, and Supervisor Edward J. Walsh. A considerable number of the supervisors were present.

Life Buoy Indicates Italian Ship Lost

PENSACOLA, Fla., Aug. 11.—The finding of a life buoy bearing the name of the Italian ship Mount Carmel washed ashore on Santa Rosa Island, near here, today strengthened the belief among local shipping men that the vessel went down in the hurricane of July 5. The schooner Frontenac, which entered port here July 4, reported the Mount Carmel off the bar. She has not been heard from since. The Mount Carmel was a ship of 1550 tons and sailed from Genoa in May 3 for Pensacola.

Call to Breakfast!

"I'VE STOPPED wasting breath to get my men down to breakfast," said this woman—and smiled; "Just one thing in the world will make them hurry—open the kitchen door so they can smell the coffee you're making!"

She uses Schilling's—which may have something to do with the success of her plan. You see, Schilling's is like other good coffees in being packed only ground, in vacuum-sealed tins. But—more than simply "good"—it has an extra fineness, an extra richness, and this is so perfectly preserved in the airtight tins that the coffee flavors more cups per pound. That means—you can use Schilling's Coffee with economy.

BOYLE HAS SCHOOL SURVEY ORDERED

Directors Invite Tax Association to Point Out Failure to Economize.

On motion of School Director Harry L. Boyle the Board of Education has issued an invitation to the Tax Association of Alameda County to make a thorough survey of the city's school department, and point out instances alleged by the organization where the educators are guilty of extravagance.

This action was taken at a meeting of the Board of Education last evening after Boyle had read an open letter which the organization recently issued, in which permission was asked to make the school department survey. The board invited the tax association experts to make a departmental survey a year ago, but no action was taken at that time.

Cochran McCarron, representing the Vernon-Rock Ridge Improvement Club, asked the board last night to allow more than \$10,000 for betterments at the new Claremont school during the present fiscal year. Director W. H. Edwards told McCarron that the appropriation was to be made out of the 5-cent levy that the council had been asked to make for the benefit of the schools and that no more money could be provided.

The board ordered the construction of office rooms in the old Chabot observatory to be used by the school supervisors of the department. It was also decided to fit up police court No. 3 on the second floor of the City Hall as the future meeting room of the board.

Glenn H. Woods, director of music, was empowered to take one elementary and one high school band from the local schools to the State fair at Sacramento this fall. The board also decided to make an exhibit of educational work at the State fair.

MOOSE TO PICNIC.

Oakland Lodge of Moose and their friends will hold an annual picnic Sunday at Pinehurst. The arrangements call for field sports, a baseball game, dancing and music. Many reservations have already been made and it is expected that nearly a thousand members and their friends will attend. The committee in charge is headed by J. H. Spiro and W. F. Gibson.

ITALIANS IN PURSUIT OF AUSTRIANS

Victorious Troops Encountering Stubborn Resistance on the Carso Plateau, but Only Part of Army Engaged There

Prisoners Report That Attack on Gorizia Complete Surprise as Defenders Expected No Danger for Fully Two Months

ROME, Aug. 11.—The Austrians lost more than 50,000 in killed, wounded and prisoners in the two days of fighting that preceded the fall of Gorizia, according to despatches received here today. This number was about equally divided between prisoners and casualties in the field.

East of Gorizia Italian cavalry continues to press the pursuit of the retreating Austrians and is now reported to have reached the Lubiana plains. The Italian force that turned south from Gorizia to drive the enemy out of the bend of the Isonzo has encountered most stubborn resistance on the Carso plateau, where severe fighting is going on. The main body of Italians that crossed the Isonzo, apparently has not yet joined in the pursuit. All despatches from the Gorizia front declare that only a part of General Cadorna's troops on that sector is engaged with the retreating Austrians.

Austrian prisoners reported that the Italian blow at Gorizia came as a complete surprise. Their commanders believed that the Italian Isonzo front had been stripped of both men and munition supplies to repel the Austrians in the Trentino and expected no attack against Gorizia for at least two months.

Reserves were rushed up to the Gorizia positions Sunday night after the Italian attack began. They found the advanced Austrian positions blown to pieces and the Italians pouring through numerous breaches in the Austrian line.

No Wonder They Cost So Much

Great Expense for Skirts Is Explained

CHICAGO, Aug. 11.—Here's why her skirts cost so much: Skirt styles change twelve times a year—skirt season lasts just one month.

In days of yore there were only four skirt seasons to the year, but never again.

Chicago skirt manufacturers told this secret when they explained at Bismarck gardens, where Chicago garment manufacturers are holding their fall style show, that "just now we are making plaid skirts in brown and greens, but we don't know what we will be making next month."

The manufacturers explained that the style of a woman's skirt changes more rapidly than anything else except a woman's mind. The skirts this season are a little longer than a month ago and a little fuller. The most popular ones are draped tunic effects.

NEW YORK, Aug. 11.—The worst reports are true. They were confirmed today by news from Paris, brought personally by Mrs. Belle Armstrong. Skirts will be worn longer—in length. Some of them, Mrs. Armstrong says, will sweep the ground. She brought several with her from Madeline's in Paris.

Grasshopper Club to Enjoy Outing

From eight o'clock Sunday morning until 12 o'clock at night, members of the Grasshopper Club will celebrate the organization's first birthday at Palm Beach, where swimming, beach games and fishing will be the order of the day. As soon as darkness falls, the party is planned to have a display of fireworks. Variations of the latest dance "Walkin' the Dancer" will be given by Earle Chisholm and Veda Cole.

The reception committee consists of Earle Cole, Art Mathiesen and Stanley Leach, while the officers of the club are Howard Minney, president; Fred Raulers, financial secretary; Walter Costa, recording secretary and Benjamin Katz, trustee.

HAD BILIOUS ATTACKS.
"My son, nineteen years of age, suffered frequently from bilious attacks. My husband brought home a bottle of Chamberlain's Tablets and began giving them to him. They helped him right away. He began to eat heartily and picked up right along," writes Mrs. Thomas Campbell, Kirkville, N. Y. For sale by Osgood Bros. Drug Stores.—Advertisement.

Alkali Makes Soap Bad for Washing Hair
Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulled coconut oil, for this is pure and entirely greaseless. It's very cheap, and costs the most expensive soap, or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months. The hair with water and rub it in. About a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out evenly. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.—Advertisement.

THE BLUEBIRD BUREAU Department of Good Fellows

William is 20 years of age and resides in this city with his father and mother. The former being an invalid, it is necessary, because of the small wages the boy is now earning in a bakery shop, for the mother to work also in order to keep the wolf from the door. William works long hours and has small chance to seek other employment without first giving up his present position, which would be disastrous if he were unable to secure another at once. He was idle for several months prior to securing his present employment, and does not wish to undergo a similar experience. William would like a position in a

store. He has had considerable experience as delivery boy in one of the large grocery stores of this city. He is a quiet, unobtrusive lad, but conscientious and industrious, and will faithfully attend to whatever work falls to his lot. One of his best traits is that he is essentially a "home boy," and outside of working hours is to be found there helping his mother, not frequently, the streets in idleness. No employer requiring such a boy will make a mistake in taking an interest in William.

Ralph is a bright, intelligent lad of 18 years who lives with his widowed mother and whose earnings, together with those of his brothers and sisters, go toward the support of the family. The family is not in want, but the enforced idleness is hard for the boy, who is energetic and ambitious and wants to be doing something. He is of very good appearance.

The mothers are dependent upon the city or organizations for their sustenance, and have no means to prepare for the arrival of their offspring. Just a simple little outfit, with blankets, nightgowns and nappies, is desired. Another pleasant opportunity for some mothers' club.

"Today the bureau would like to take care of little Helen, age 15, but smaller than the average girl of her years, because she is a cripple. Helen needs an overcoat, and must not be too heavy because her strength is easily exhausted. Really, the best thing for her would be a sweater coat, because that would be warm and still light. We would like it blue in color. Helen is a peculiar blonde, and we believe in making children as beautiful as Nature intends. FINANCES FINE, IS M'KENNA'S CLAIM

English Chancellor, Criticised in House of Commons, Makes Reply.

LONDON, Aug. 11.—Reginald McKenna, chancellor, was subjected to criticism in the House of Commons yesterday on the ground of over-reliance upon treasury bills, his critics arguing that the large amount of ship bills outstanding constituted a danger and that the government ought to have issued another war loan. In the course of his reply the chancellor claimed that Great Britain was able to borrow at much lower terms than any other belligerent power.

He estimated the nation's total indebtedness at the end of the present financial year to be \$3,440,000,000. From that amount, said the comptroller, the nation was entitled to deduct \$300,000,000 lent to allies and dominions of the empire, the sum being a burden it could well sustain, and it virtually was balanced by the present national income. In fact, he declared, Great Britain was in the position of a man whose income was \$500,000 and whose debts amounted to \$500,000, which was not an alarming position.

HOUSEWIVES TO OPPOSE BREAD RAISE

NEW YORK, Aug. 11.—First steps in a nationwide protest against the proposal of the bakers of the country to raise the price of bread were made here today by the National Housewives' League, when instructions were sent to league officers in every State in the Union to investigate local conditions and arouse public sentiment against the proposed action.

"Bread is the food of the rich and poor alike, and any increase in price is going to result in hardships which will not permit without a protest," said Mrs. Julian Heath, president of the league, which includes 700,000 members.

"Preparations for our campaign are being rushed, and if the bakers per-

NEW YORK, Aug. 11.—The ubiquitous Bremen, Deutschland's sister ship, hopped up again today, this time by wireless.

The operator at the Sea Gate and Sandy Hook wireless station was startled from a doze early today by a call for "Telefunken station, New York," the call used by all German ships before the war. He replied "Telefunken station closed," and asked the sender's name. There was no reply. About 3 a. m., an hour and a half later, another call, apparently from the same source, inquired when the Telefunken station would open.

ist in carrying out their threat they will hear from us."

WASHINGTON, Aug. 11.—Declaring that unless Congress acts the price of bread surely will advance beyond the reach of the average consumer, the National Association of Master Bakers today petitioned the House and Senate to impose an embargo on wheat.

SALT LAKE CITY, Utah, Aug. 11.—Modern progress and present standards

This time the message was signed "D. B. U.," which is the old signature of the North German Lloyd ship Braslau, supposed to be tied up at New Orleans.

"The spark came from a German apparatus," said the Sea Gate operator. "It was unmistakable and came from about fifty miles at sea from a low-power instrument."

This gave rise to the belief that the call came from the Bremen, but at the same time Baltimore and New London, Conn., are confident the submarine may appear there at any moment.

of living having found the baker always in immediate co-operation, said Dr. B. E. Bernard, food and drug commissioner for the Indiana State Board of Health speaking at the morning session of the National Association of Master Bakers here today.

WAR PROFITS 10 PER CENT TAX. WASHINGTON, Aug. 11.—Ten per cent net profit tax on the munitions of war was agreed upon today by Democrats of the Senate finance committee as a substitute for the munitions taxes proposed in the House revenue bill.

OPTIMISM AND MUSIC BLEND

New York Artist Tells How Work Imbues Personality Harmony.

Optimism is the tendency to perceive good.

Pessimism is the tendency to perceive evil.

The world's evolution takes place through progress, progress is the very expression of evolution. There is no progress unless it is a form of betterment on what has preceded, and betterment is an emphasized good.

No good is conceivable, unless the mind the originator of it is in an attitude to perceive goodness. On the other hand, a strong tendency to perceive the bad in a thing destroys its real and best inspiration; progress would therefore be stopped, because the attitude towards the worse would cause retrogression.

No work of art has ever been conceived but in a mood of optimism, and receptive of beauty. There may be a fascination in the horrible also, as there is fascination in danger. If one could look into the crater of an eruptive volcano during its most dangerous operation, he might see solemnity in that horror; but there is never Beauty, unless it be an expression of Good.

A pessimist is not a happy man, except, perhaps, when he has a keen appreciation and admiration of his miserable self. An optimist may be very unhappy, but he hopes; and hope is the longing for Good, never for Evil.

A light and darkness are both necessary to the development of nature, so are Optimism and Pessimism necessary to the development of life. Neither of the two, alone, is perfect; but undoubtedly, a life is nearer to its final purpose when it is radiated by an inspiration, a desire, an effort, an achievement for Good.

I am an optimist.

—Giuseppe Aldo Randegger.

So believes Giuseppe Aldo Randegger, who is playing the piano in true maestro fashion at the Orpheum this week. He believes it, whether he is in Oakland or in New York; believes it, whether he is on vaudeville tour or directing his own conservatory of music in Gotham. It is his belief all of the time, and he allows none of the day's petty troubles to meander into his consciousness.

He has other beliefs, too—beliefs which are rather sensible, but somewhat strange to the everyday sort of American. For instance, Maestro Randegger believes that the musical education in this land of the free is all wrong. Coupled with poor instruction and the idea that pupils in music must learn to "play a piece," after which an exhibition of that "piece" must be held, he thinks that the attitude of students is not all that it should be.

The reason that there are so few American-made musicians, believes Signor Randegger, is not one of instruction alone, but also one of atmosphere. In Europe, music is "in the air," and that air is not only breathed in by music lovers, but breathed out by the musicians. Every one joins hands in the ring of melody.

CHALMERS WINS PIKE'S PEAK RACE

Fred Junk Drives Car to Victory Over World's Highest Highway.

COLORADO SPRINGS, Aug. 11.—Fred Junk, of Detroit, Mich., driving a Chalmers 6-30, came in first in the first group of four cars in the motor races on Pike's Peak this morning, making the twelve miles and one-half of the course in 23:04.5 minutes. Roy Stentz, of Detroit, also in a Chalmers, came in second, in 23:29.9, and Henry Jones, of Kansas City, Mo., in a Grant car, was third in 26:05.2.

Veterans of many hard fought campaigns in the sport of automobile and motorcycle racing gathered here to take part in the three-day hill climbing contest for the Fenimore trophy and other prizes. These are to be run over the world's highest highway and on America's most famous mountain—Pike's Peak.

Never before in the history of hill climbs held in this country has there been such a large entry list of drivers scheduled to take part in the races for handsome silver trophies donated by Spencer Penrose of Colorado Springs and cash prizes amounting to \$3000. This is the most expensive trophy ever offered for a hill climbing contest in the world.

Attacked Oakland Girl; Sentenced

SAN JOSE, Aug. 11.—Antonio Romano, who confessed assaulting Olga Berry, 12, of Oakland, was given the maximum sentence today—fifty years in San Quentin. The assault is said to have occurred at Coyote on July 23. "I couldn't bear to see her again. I can't listen to her story. I want to plead guilty," Romano said when arraigned before the court.

The efforts of the attorneys to explain the situation of his predicament had no effect upon Romano.

NATURE WILL CURE CONSTIPATION

All she needs is a very little help. Constipation is caused by accumulated waste in the Colon (Large Intestine), which under our present mode of living, Nature, kindly, entirely remove without a little help.

The rank poisons in this waste get into the blood circulation, and make us feel depressed, blue, bilious and incompetent—really sick—if allowed to go on like too far.

All the help that Nature asks, however, is internal bathing with Warm Water, applied by the U. B. L. Caster. This, in a perfectly natural and rational way, cleans out all the waste and poisons from the colon and keeps it as sweet, clean and pure by occasional use as Nature demands for a perfectly healthy condition.

So invariably successful has this new and improved method of internal bathing proved to be that over 600,000 Americans are now enthusiastically using it to cure Constipation, ward off disease, and keep their bright, vigorous and efficient.

The U. B. L. Caster is now being shown at The Owl Drug Stores, Call and let us explain how simply it accomplishes these great results.

FRIDAY, AUGUST 11, 1916.

INDIRECT SCUTTILING.

News from Manila indicates that Governor-General Francis Burton Harrison is carrying out his Filipinization ideas with a vengeance. American civil service employees are "retiring" and "resigning" in battalions and their places are being given to Filipinos. In this way the government of the islands is losing the service of trained white men of from ten to fifteen years' experience and is passing into the hands of the native politicians.

Conspicuous among the recent acts of Filipinization is the appointment of Joaquin de Luna, former member of the Philippine Assembly, as governor of the Mountain Province, which is inhabited almost entirely by so-called head-hunters or wild tribes. He succeeds an American of many years' experience. Mr. Harry T. Edwards, director of agriculture, has "retired" after fifteen years' service to make way for a Filipino. His successor, however, is a progressive Filipino, who was assistant director of the bureau of agriculture and at one time was governor of Iloilo. Jose Escaler, a Manila lawyer, has succeeded an American as first assistant director of education. Many other important executive positions have been vacated by Americans to make room for Filipinos.

There should be no objection in theory to the turning of the Philippine government over to Filipinos to as large an extent as practicable, but we know that the practical application of the theory at this time, on such a reckless scale, means loss in governmental efficiency that cannot fail to visit injury upon the natives and the interests of the United States. Mr. Harrison had the assembly enact a piece of legislation to enable him to minimize the complaints of Americans upon retirement. An act was passed at the last session providing that Americans "retired" to make way for Filipinos may receive one-third of their salary for three years, and that the Filipino successors shall be paid only two-thirds of the salary formerly paid for the same work. This compromise with decency was as ingeniously contrived as it is vicious in motive. The three years "retired" pay of the American officials will not enable them to live comfortably, even after the fashion of Filipinos in the land where their presence is no longer desired. The scheme was devised to serve merely as a sop to the ousted employees and to hoodwink Americans at home into the idea that the government was doing handsomely by its faithful servants. It was unworthy of the office of the Governor-General.

Obviously Mr. Harrison is determined to go as far as possible with his scuttling policies regardless of the vote of the American Congress on the Philippine self-government bill.

THE "PEACE COMMISSIONERS."

Two of the three American commissioners to arbitrate the border controversies with representatives of the Mexican de facto government have been selected by the President. They are Mr. Justice Brandeis of the United States Supreme Court and Secretary of the Interior Lane. These gentlemen, we are confident, will perform their duties with a high regard for the best interests of the nation.

We cannot escape the conclusion, however, that Mr. Wilson could have called upon several American citizens better qualified by experience and knowledge of Latin-American conditions and

diplomacy. Certainly the joint conference is to be free of domestic politics and the President would have been justified, and would have won the deserved admiration of all the people, had he summoned to this important and delicate task men of acknowledged ability without regard to their political affiliations. The new Ambassador to Mexico, Mr. Henry Prather Fletcher, is a distinguished and able diplomat, and he served as Ambassador to Chile during the last three years. Mr. Elihu Root and Mr. Philander C. Knox, both former secretaries of state, were also available and are citizens whose ability and patriotism cannot be questioned. Former President Roosevelt would have been a commendable selection. Also there was Mr. Henry Lane Wilson, who for several years was our ambassador at the Mexican capital, where he was on duty during the revolution of General Huerta and the murder of President Madero and Vice-President Suarez. He would have carried to the conference a wealth of knowledge of Mexican politics that should not be despised in the present emergency. And why of all men, was Mr. John Lind, the President's ambassador paramount, who carried the order of abdication from Washington to President Huerta, overlooked? There are many other men who would have been acceptable as peace commissioners, not forgetting Colonel House.

ANTE-MORTEM OBITUARIES.

When the news despatches of a few days ago reported the narrow escape of Mr. Meyer Lissner from drowning in the ocean at Venice, we were duly thankful that good fortune had saved to us—we hope for many fruitful years—so valuable a citizen. Mr. Lissner has many friends in Oakland, his former home, all of whom felt grateful that death had been cheated.

We were somewhat surprised, however, to find that the Fresno Republican had made Mr. Lissner's experience the provocation for an obituary. While the editorial in our contemporary was laudatory in temper, reciting at some length Mr. Lissner's many virtues, his service and value to society and the fact that California would have lost a man whose place no one could have filled, it seemed to us questionable taste to anticipate the ultimate misfortune with such avidity. There was danger—remote, perhaps, but nevertheless present—of creating the impression that there had existed an anxiousness to utter the final sad sentiments on the subject.

We are now confused at finding that other newspapers adopted a course similar to that of the Fresno Republican. The Chico Enterprise prints an identical editorial as an original article. Other State papers have printed the same thing.

These circumstances have caused some unpleasant inquiries. It is asked, for example, whether the near-drowning was for publicity purposes. This is a favorite stunt of press agents for actresses, but has not, to our knowledge, ever been adopted by politicians. If a false impression has been created by the papers which published the obituary editorials they should at once do what they can to dissipate it; but if the news despatch was designed to provoke reviews of Mr. Lissner's life it may be observed that it was more successful than the famous "fifty-fifty" proposition he advanced for the selection of delegates to the Chicago national convention was with the same newspapers.

With references to the charges made by Governor Hughes in his speech at St. Paul, it is quite profitless for the administration to deny that it has ignored the civil service rules without conscience and thrown men of many years' faithful service out of office to make room for partisan supporters. The records are open, have been published and are incontestable. The outstanding feature of the attempt to give a controversial character to the charges is the sad showing made by Mr. William C. Redfield, Secretary of Commerce. He stated that Mr. E. D. Durand, former director of the census, had voluntarily resigned from office. Mr. Durand replies, and he is supported by the unimpeachable records, that Mr. Redfield forced him to retire to "create a vacancy" for an administration lieutenant. It is always a matter of deep regret when partisan zeal leads a man of the rank of a cabinet official to take liberties with the truth.

Another example of the necessity of passing the initiative amendment to the State Constitution forbidding the governor to reward his political henchmen by appointment to public office is provided in the spectacle of Sheriff-Boss Tom Finn, assisted by the well-known Daroux, in clubbing an innocuous endorsement of Johnson for the senate out of the San Francisco county campaign committee by a vote of eight to seven.

NOTES and COMMENT

Multum in parvo—from the Chico Enterprise: "Only three of the fair sex on the Willis Booth reception committee—and he such a handsome man!"

The San Francisco supervisors have decided to adopt a politer line of action. There has been a suspicion for some time that they have grown lukewarm to the Chesterfieldian code.

Definite opinion from the Richmond Record-Herald: "As a business investment, the West Indies aren't worth a nickel; as a military possession, they might prove priceless."

Chester H. Rowell seems to have made every effort to avoid friction in the arrangements for the reception of Hughes—except in the matter of himself causing all the friction there is.

Exciting times at Petaluma, according to the Argus: "The business streets were lively Saturday night. There was the band concert, two hand organ and monkey shows, two street speakers and crowds of people."

A Texas minister is to the fore with a defense of women's night attire. Which is overt acceptance of the fact that they do paint, which in turn is not a position that a real gallant man is prone to take. Even a Texan ought to shy at it.

The print-paper makers say they were compelled to double prices in order to meet an increased demand. The Goldfield Tribune is out with the opinion that if the rule could be applied all the way down the line, the newspaper publishers would not mind it so much.

Another complication afloat the 10-cent loaf, pointed out by the Martinez Standard: "If the bakers do charge 10 cents for a loaf of bread, the bums will now be asking 15 cents to get their morning's morning. With bread at 5 cents, a dime got a pretty good drink."

The Stockton Record has made this discovery about the withdrawal of Bordwell: "The reactionary leaders seem to have gotten the idea that Judge Bordwell was in their way, and he has been 'thrown down.'" Which illustrates a keenness that is worth taking note of.

A royal prince of Siam is coming to this country to go to school. He brings a retinue, at the head of which is Minister Hoeskiesee. The names of towns in the war belt, as they are disclosed in the despatches, have in a measure prepared us to get away with the greetings that a decent hospitality demands.

This harrowing item is from the Colusa Sun. It is tremendously important. There are several candidates for the Presidency. It is almost stunning to the average American of good breeding to read the language of the aspirant for the Presidency. Rude and blatant, without reason or common decency, he is plunging like a wild and hungry coyote upon its prey.

Awful familiarity on the part of the Fresno Mirror: "The easy 'flop' that Chet Rowell executed from the Progressive party to the Republican party has given the impression that Chet will be out for something good in case Hughes wins. It was Uncle Chet's great ambition to be appointed minister to Japan, but in spite of his services to the Republican party, he never got there."

This criticism is from the Chico Enterprise, which is inclined to lean the other way: "Willis Booth presented at the Majestic Theater an act, which might well be entitled 'A Gentleman in Politics.' Moderate in expression, unruffled in demeanor and temperate in argument, he violated the best traditions of the political platform. He lambasted no one and allowed his opponents to go unaccused of burglary, robbery or porch-climbing."

GRADE CROSSINGS AND CARELESS DRIVERS

New measures are to be taken, as a result of the joint action of two powerful associations, for the protection of highway travelers at railroad grade crossings. Committees of the National Association of Railway Commissioners, which includes all the State public service commissions, and of the American Railway Association, in which nearly all of the railroads are represented, have in conference recommended the adoption of a uniform cautionary signal which shall be used at all crossings in the United States. It is proposed that there shall be placed at each signal and at 200 feet from the track, an elevated white circular disk three feet in diameter, bearing the words "GRADE CROSSING" with appropriate warning words or letters. Many of these are to be illuminated at night. State legisla-

tion in support of the project will be sought. This is good and commendable, so far as it goes. But use of these signs will not mark any considerable progress in the work of assuring protection. Nearly one hundred of railway tracks and wagon roads in recent years have been due to the action of reckless or thoughtless men on the drivers' seats in automobiles. The record shows appalling examples. Signals and painted warnings, uniform or otherwise, will not prevent all the suffering and loss that are due to human error and carelessness on the highway. There is sure protection only in a separation of grades, the elimination of level crossings. But this elimination will be the work of many years, and perhaps it can never be made complete. When a majority of our railroads were built it

was necessary to avoid the great cost of carrying the tracks over or placing them under the highways. In parts of our country railroads were needed more than absolute safety for highway travelers. And after the steam roads had been constructed it was very difficult to get rid of the level crossings. It should be borne in mind that very rarely has the railroad company been at fault or deserving of blame for a crossing collision. In several states provision for a gradual elimination of grade crossings has been made by a division of the cost, the State bearing half or a considerable part of it. The work of separating grades should proceed without interruption. Until it is finished every possible and reasonable effort to protect those who use the highways, by warning signals or otherwise, should be made. —New York Times.

ENSIGN WAS FLIRT; WIFE ASKS DECREE

SAN FRANCISCO, Aug. 11.—Characterizing her husband's conduct with another woman in Manila as of such a nature as to be concluded as conspicuous familiarity, Mrs. Harriette Pruet Pillsbury filed suit for maintenance today against Harris W. Pillsbury, ensign in the United States Navy.

Wedded in San Francisco August 1, 1914, the Pillsburys sailed to Manila October 23 and there the cruelties charged by the wife began, she says. Her husband would lash himself into an insane fury when she took him to task and would accuse her of accepting attentions from other men. Finally she left him and went to Shanghai. Later, February 25, 1915, a reconciliation was effected, but it lasted only until March 8, when Mrs. Pillsbury asserts her husband's actions with a woman in Manila caused much talk. He went riding with her, took her to places of amusement and showed undue familiarity. Finally he caused a

Death List of Flood Fully 75 Details Lacking in West Virginia Disaster

CHARLESTON, W. Va., Aug. 11.—The death list in Wednesday's flood disaster will be at least 75, according to reports from rescue parties today. Twenty-five more bodies have been recovered.

Many of the millmen, and those accompanying them, reported that they have been unable to reach many towns washed out. They are building new roads to get to them.

It may be several days before figures on all losses can be determined.

FIX DATE OF LAUNCHING.
LONG BEACH, Cal., Aug. 11.—Launching of United States submarines L-6 and L-7, was set tentatively today for August 31 by the California Shipbuilding Company. The vessels have been under construction for nearly two years. The Navy Department has not announced who will christen the submarines.

Notice to be printed that he would not be responsible for her debts and his refusal to give her money led her to appeal to his brother officers for aid and finally to petition the naval officers at Washington. She wants \$150 from his \$200 a month salary.

WEAKNESS OF EVIDENCE IS EXPLAINED

SAN FRANCISCO, Aug. 11.—That the infernal machine which destroyed lives during the preparedness parade was actually constructed by one or more of the bomb suspects under indictment for murder, and that the police are prepared to prove it, was the declaration of Captain Duncan Matheson this morning.

In addition, Matheson asserted that there was in the possession of the prosecuting officer stronger evidence than was presented before the grand jury, resulting in the returning of true bills. He was led to make this statement through the making public of the testimony introduced before the grand jurors prior to the finding of the indictments.

LITTLE EVIDENCE TOLD.
"We presented as little of our evidence as we could and still be sure that the accused would be indicted," said Matheson. "We are confident that we can prove the charges of murder we have made and I can say that we have conclusive evidence, the nature of which has never thus far been revealed. This evidence is both documentary and verbal and will come from the mouths of reputable witnesses."

"I am satisfied that the bomb was made by one of the men in custody, with perhaps others taking a hand in it. I do not think that a model was prepared outside the circle of the conspirators and I think we will have difficulty in establishing the facts of its construction."

ANONYMOUS LETTER.
Another anonymous letter received by the Independent, a weekly published at 946 Pacific building, was today turned over to Handwriting Expert Karl Eisenschimmel. It reads:

"Solved! Bomb explosion plot hatched by nation-wide ring inside the military preparedness league. Details later. Plot to crush organized labor belongs to the above set."

"P. S.—Print a notice of this—say you received notice. This lets you in, Casey."

Summer Session Romance Is Told Girl Comes From East to Wed Berkeleyan

BERKELEY, Aug. 11.—Another romance has been added to the long list for which the 1916 summer session at the university has been responsible, and, as a result, Robert N. Rushforth, 2321 Blake street, and Miss Fay A. Young, of Battle Creek, Mich., will be married Monday evening at the home of Rushforth.

The couple met while attending classes and performing duties in connection with the Y. M. C. A. and Y. W. C. A. work, with which both have been prominently connected for many years.

Following the ceremony, the Rushfords will motor into the mountains of eastern California, where they will spend the honeymoon period. They will then return to their machine, where Rushforth will assume the principalship of the Cuyamaca Union high school at Julian, San Diego county.

Rushforth is a graduate of the University of California, a member of the 1915 class. He has taken one extra year of work there to prepare himself for his teaching duties. He was a special student in agricultural education. His student activities also included membership for two years on the university track squad and intimate connection with Y. M. C. A. work. Miss Young is a graduate of the Michigan Normal school at Ypsilanti, Mich., where she specialized in domestic science work. She was a leader of Y. W. C. A. activities in Battle Creek, where she taught in the grammar schools of that city.

The funeral and interment will be private. Mrs. Steinbeck had been living at 821 Mead avenue. She was 88 years old and a native of Germany.

Germany Sends Us Carl Ronisch

A few days ago we received in Oakland Carl Ronisch, formerly of Dresden, Germany. We have placed Carl on sale at a big sacrifice. In former years Carl would have easily sold for \$1250.00, but today \$275.00 will place Carl in any home on terms of \$10.00 down and \$5.00 per month. Carl Ronisch is a late model Baby Grand Piano, imported from Germany and in first class condition. Think of being able to purchase a first class Baby Grand Piano for \$275.00. This is certainly an opportunity for some Music Teacher. Don't miss it because the price is so ridiculously low that this is a square piano. It is not. This is one of the late model Grands, but conditions surrounding this instrument are such that it is possible to offer this Grand Piano to you for only \$275.00.

SPRING SUIT ONCE MORE DISMISSED

Once more the tangled affairs of John Spring, Thousand Oaks millionaire, and Mrs. Cellina D. Spring, his wife, have been adjusted, insofar, at least, as they rest upon a financial basis. Today, Mrs. Spring's suit for separate maintenance, filed several months ago, was stricken from the calendar by Judge William H. Waste in the superior court.

Whether the negotiations, which are known to have been progressing outside of court between the capitalist and his wife, have resulted in her achieving all she sought in her suit, \$2500 a month for separate maintenance and the possession of the \$300,000 Spring mansion in Arlington Heights, members of the family and legal counsel for the principals to the suit decline to state.

M. C. Chapman of the firm of Chapman & Trefethen, attorneys for the plaintiff, said this morning that it was his understanding that a settlement of money matters is pending and practically consummated. Mrs. Spring refused to discuss the case, referring all inquiries to her attorneys. Members of the Spring family confirmed the report that a financial arrangement out of court explained the abandonment of the suit.

OLD SETTLEMENT SIMILAR

One and all, they refused information on the amount of the settlement. When Mrs. Spring's first suit, filed after her return from the Hawaiian Islands to discover through her husband's open statement his regard for another woman and to receive news that the Arlington Heights place had been transferred to his holding company, was dismissed, the dismissal also followed a long conference between husband and wife. Later they repaired to the First National Bank in Berkeley, where, in a private office, they arranged their financial matters anew. It was understood at the time Mrs. Spring had agreed to settle \$1000 a month upon his wife. Whether the new arrangement approximates this figure, or the \$2500 a month more recently demanded by Mrs. Spring, was a phase of the new settlement which the family emphatically refused today to divulge.

Equally reserved were the Springs as to their future domestic arrangements. The suit of Mrs. Spring for "separate maintenance" was generally understood to indicate that the husband and wife were not expecting to reside anew under the same roof, and that Spring might continue to reside at the Alcatraz Apartments in South Berkeley, which he owns and where he is installed Mrs. Genevieve Ecker for whom he confessed his high regard, as proprietress. Mrs. Spring is still housed at Arlington Heights, where her youngest daughter, Miss Marjory Spring, has also recently come to reside.

The suit which is now abandoned by Mrs. Spring was filed several months ago at a time when friends of the family had supposed that their financial affairs had been arranged happily for both. The filing of the suit shortly followed the elopement of Miss Dorothy Spring, next to the youngest daughter of the family, with Lyman Covell, a wedding which her father had earnestly opposed and on one occasion had prevented.

MRS. ECKER GIVEN DIVORCE.
It preceded by a similar period the granting of a divorce to Mrs. Ecker from her husband, a former Washington, D. C., resident. Mrs. Ecker alleged cruelties of various sorts. Her suit was filed some time ago, previous to the public statement by Spring that he would make her his wife if Mrs. Spring, then returning from Honolulu, would secure a divorce or permit him to do so.

The suit which has just been dismissed was one of two in which Spring was involved almost at the same time. The other was for \$10,000, filed by attorneys representing the family of a woman run down and

Home Service for Late R. Turnbull

Funeral services will be held next Monday at 2 o'clock for Robert Turnbull, who passed away at his residence, 2424 Thirty-fourth avenue, after living thirty years of his long life in the bay region. The funeral will proceed from his late home to Mountain View cemetery, where interment will take place.

Surviving him are the widow, Mrs. Mary Turnbull, George, Arthur, Fred, William, Robert and Lillian Turnbull, his children, and a host of friends to mourn his loss. He was in the neighborhood of 80 years old and had been a respected member of the community during his lifetime.

EASTERN TEAMS IN AMERICAN LEAGUE HAVE POOR WEEK

Boston Is Only Club to Have Any Success on Western Diamonds.

NEW YORK, Aug. 11.—Homer, bound from western diamonds, the four eastern American League teams are today far lower in the standings than when he was first sent to the bench by the Red Sox, leading the league by virtue of successive defeats of Chicago, have won their run of twenty successive defeats.

The Yanks, although crippled, led the league in the East, and today are limping home today in sixth place, shot through and through by successive ill-luck. The Sox, who were in the lead, lost another star yesterday when Aragon, the great infielder, recalled from the minors.

The Senators, never counted out of the game, were today in ninth place, and the first division when they left the Capital City, but today only the Athletics were a step nearer from dropping into the cellar.

The St. Louis Browns, from seventh place, on the edge of the first division has been the feature of the last week's racing, and today are being won by "Flander Jones" crew and

In the National League the Easterners, playing at home, have been the victors. The Giants took eleven out of fifteen from their visitors, the Dodgers twelve out of fifteen, the Braves twelve out of sixteen and the Phillies thirteen out of eighteen.

GREAT WESTERN RACES.
GALESBURG, ILL. AUG. 11.—Good racing again marked the Great Western harness racing at the Galesburg district fair. Results:
2-17 trot, purse \$1,000.—Miss Pinkerton won, Dr. Buckley second, Peter Dallas third. Best time, 2:08½.
2-09 pace, purse \$500.—Elmer Dickson won, Prince Verton second, Dan Mac third. Best time, 2:07½.
2-19 trot, purse \$500.—Baron Robin Hood won, Amoral second, Margaret Helmi third. Best time, 2:11½.

PERCY AND FERDIE—Maybe It Was a Frame Up.

DO YOU KNOW THE TRIBUNE MARATHON ROAD?

Stop! Look! Listen! and Then Go to It for All You're Worth; Win a Prize!

The "Stop! Look and Listen! and Then Go to It for All You're Worth; Win a Prize!" is a fine thing, but the trouble is that so few of us heed it. Not only should we stop to look and listen when we are crossing a railroad grade, but a big sign bearing these well-known words should be up in front of every one of our faces all of the time.

How many of us do everything with a spirit of "take them as they come." How few of us stop, look and listen before proceeding. It's these few who make it a point to give every proposition the once and twice, and a few more times over, before they tackle it, that make marks for themselves.

It doesn't make any difference if you are going to buy a horse, split a cord of wood or run a race. Always turn over the job before your eyes when you start to work. It pays to stop, look and listen.

If you were going to walk six miles through a difficult pass in the woods, where you were unfamiliar with a hundred roads which might cross the path you wanted, you'd get the directions straight before you started. You know you would.

All right. Now you are figuring on running a six mile race. You have decided to run in the TRIBUNE Marathon, and the glory of winning with the prizes that go to a winner are your goal. Training is in order and you train a whole month for the event depriving yourself of many things to make your condition right.

But before you go into the thing deeper you'd better look over the road. Do you know the way?

GET THE RULES. Are you familiar with the rules of the race? Have you complied with the conditions of the race?

Are you eligible to compete? There is only one way to get it right. Read the TRIBUNE every night. You are spending an hour to training every day. So are 250 other lads.

Now let's take this race in addition to that hour, learning about the race? Read the opinions of experts that from time to time express their views through the TRIBUNE columns. Learn what fellows are going into the race, figure out what prize you have the best chance for.

REGARDING REGISTRATION. On the runner to put his registration number. Do you know what that means?

Only bona fide amateur runners are eligible to run in the TRIBUNE Marathon. The TRIBUNE Marathon is a amateur standing in his ability to show he is registered with the P. A. A., which is the parent body of all amateur athletes.

This is done by means of a numbered card issued to you by the P. A. A. at the time of registration. The number of the card must be placed on the entry form or the runner is rejected.

So much for the registered runners. There is another class of athletes not registered with the P. A. A. in the sense that they have not participated in athletic games for money prizes, but they are not recognized as amateurs until they register.

Now their relation to the TRIBUNE race is this: Their entries must be received by the P. A. A. until they register. It is necessary in order to protect the amateur spirit of the race, and the idea of the race would be spoiled in less time than it takes to get it.

The cost is 25c, which is the fee the P. A. A. exacts for issuing the entrance fee, nor does it go to the TRIBUNE. It's the regular registration fee of the P. A. A. in all sports of all kinds—baseball, basketball, track running, etc., etc.

Applicants for registration may be obtained from Spalding's or the Oakland, Berkeley or San Francisco Athletic Union, and mail them with 25c enclosed to Herbert Hauser, secretary of the registration committee of the P. A. A., at 4670 San Sebastian Avenue, Oakland.

CARD APPLIED FOR. It isn't necessary that registered athletes wait for their cards to reach them before entering. If they will observe the simple little rules of entry, the card once reserved for the registration number "Card applied for."

Planks may be set up and the entries close will be sent to Hauser, who will supply the number of the card. If the runner has and without the "Card applied for" will have to be rejected.

This warning is being given at this time in order that no one shall have to suffer at the last minute. The blanks already sent in which fail to conform to the two rules governing entrance will be held to give their owners the opportunity of remedying the defects, but if the deficiencies are not supplied by the entries close no course will be left open to the TRIBUNE but to reject them.

Don't let this slide. COLORADO SPRINGS, Colo., Aug. 11.—Frank Kuncze of Loveland, Colo., was crowned motorcycle champion of Colorado and won a prize of \$400 yesterday through his prowess in negotiating the Pike's Peak auto race course, a distance of twelve and a half miles, with an ascent of approximately 8000 feet, in 22 minutes and 30 seconds.

Greely, Colo., was only seven seconds behind the winner, while Howard Williams finished third in 22 minutes 45 seconds.

BANTAM STAR MAY MEET WILLIAMS

Little Joe Gorman is back in town after his successful conquest of the north. He is receiving congratulations from all his friends on Broadway for his victory over Billy Mascott, the Portland crack.

JOE GORMAN.

Little Joe Gorman is back in town after his successful conquest of the north. He is receiving congratulations from all his friends on Broadway for his victory over Billy Mascott, the Portland crack.

A few weeks ago Portland promoters were dickered with "Kid" Williams to meet him here, but now Joe Gorman is slated to meet the bantam champ if he is brought to Portland.

Jack Murphy of the Wheelmen Club is thinking of matching Lee Johnson with Gorman for his next card. Johnson was held to a draw by Mascott in Portland, while Gorman beat the Portlander.

Yours very truly, "A FAN."

MAJORS CAN RECALL THESE PLAYERS

CINCINNATI, Aug. 11.—The National Baseball Commission yesterday made public a list of all major league players who have been released to minor league clubs under approved optional agreements which contain a clause conferring the releasing club the right to repurchase the release of such player at specified terms.

WILLARD VS. L'HEUREUX NEXT? "GOOD CHANCE," SAYS HARVEY

Coffroth Taking Bill East With Only On eldea—to Have Him Meet Willard

Madison Square Garden is always here. Now the necessary thing is to make the public believe it can be done with Larue? Think so.

Your name connected with him, your boxing and working for him means a great deal. Carl Morris here originally on an oil millionaire's trust and brought into the garden with Jim Flynn at prices ranging from \$2 to \$20. (A mistake then.) He was green and raw and rotten, but he came in heralded big.

Fulton was recently yanked from ob-scure and nowhere good newspaper work to make his appearance although he had boxed Porky Flynn at New Orleans. If Larue could fight a bit, I think he can be worked up great, simply because there are so few of them.

"Bob Edgren would go overboard on the California end of it. Wish Larue could be brought in to make good, or offsetting that dominant Americanism which is the backbone of the game.

Bring him along right away, Jim. Looks like a chance to get busy to some purpose, so let me hear from you. He is coming along with him and I will start the gang out.

You are coming from such a widely known boxing personage as Harvey means a great deal to L'Heureux. Bill is confident that he can make good.

Bill has never been in right condition for any of his battles and yet he had bouts were won by him, too. He is fouling him in the first round and Arthur Sheridan, the former amateur heavy-weight champion, is holding leading two.

L'Heureux coped with Sheridan in his first bout with ease and reports from the east have stated that this same Sheridan has given tough heavy blows such as Jim Coffey and Al Reich had done of it.

With proper training and tutelage, L'Heureux is bound to make good. He is faster than any heavyweights in the game today and he hits powerfully hard with his right hand. Fans who remember Willard, Frank Moran and Jack Dillon when they were out here, say that L'Heureux is a better fighter than any of them.

At that time, and don't forget that Jim Coffroth is making L'Heureux and that "Sunny Jim," though he has been connected with world's champions by a long time, has never been managed a biffer.

Unless Jim had good reasons in this case he would never have taken over L'Heureux and one doesn't need a pers-ecution to see that Coffroth is banking on a. Willard-L'Heureux match. So Jim Willard vs. Bill L'Heureux doesn't seem an impossibility, after all.

THE GREAT WESTERN POWER Company has added another victory to their long list of wins by defeating the Roy A. Lees club of San Francisco. The pitching of Lefty Bechtel was too much for the San Francisco boys, who were only able to connect for scattered hits. "Red" Ichels, covered first base and also got two good smashes.

Dode Ichels played a nice game around the keystone sack, while Stan was some pretty stops at the difficult corner. These youngsters are playing very class, ball and will be heard from before the season closes. As some of the play-ers will be on vacations no game will be scheduled for next Sunday.

CONNIE MACK HAS ONLY SEVEN 1914 WINNERS ON HAND

Great Machine Is Now Scattered Over the Whole Baseball World:

PHILADELPHIA, Aug. 11.—No club ever was wrecked more completely than the 1914 champion Athletics. When the great Mackian machine swept through the American League like a hurricane two seasons ago it was figured that Connie Mack would keep that grand collection intact for many years.

But the Athletics of 1914—that almost peerless team—has been scattered to the four winds in the two brief seasons that have come and gone since then. Of the twenty-four "roll of honor" men of the Athletics roster in 1914 only seven are still in the regular line-up.

Here are the names of the 1914 Athletics, together with the positions they played in 1914, and also the present whereabouts of all the 1914 Philadelphia players:

McNees—First base, Athletics.
Collins—Second base, White Sox.
Baker—Third base, Athletics.
Strunk—Outfield, Athletics.
Oldring—Outfield, Athletics.
Murphy—Outfield, White Sox.
Walsh—Substitute outfield, Athletics.
Daly—Substitute outfield, Vernon.
Thompson—Substitute outfield, minors.
Kopf—Substitute infield, minors.
Lepp—Catcher, White Sox.
McAvoy—Catcher, minors.
Schang—Catcher, Athletics.
Bueh—Pitcher, Athletics.
Davies—Pitcher, Athletics.
Brown—Pitcher, Athletics.
Lenock—Pitcher, Red Sox.
Shawkey—Pitcher, Yankees.
Wycosc—Pitcher, Athletics.
Ira Thomas and Harvey Davis, the veterans who served as coaches in 1914, are still Connie's lieutenants.

THE GREAT WESTERN POWER Company has added another victory to their long list of wins by defeating the Roy A. Lees club of San Francisco. The pitching of Lefty Bechtel was too much for the San Francisco boys, who were only able to connect for scattered hits. "Red" Ichels, covered first base and also got two good smashes.

Dode Ichels played a nice game around the keystone sack, while Stan was some pretty stops at the difficult corner. These youngsters are playing very class, ball and will be heard from before the season closes. As some of the play-ers will be on vacations no game will be scheduled for next Sunday.

TO QUARRY MARBLE.

In permitting Eagle Marble and Mill
Company to sell 5,000 shares of stock
at the price of 25c per share, Commis-
sioner Carnahan has required that suc-
cessors be obtained in connection with
curring subscriptions to 40,000 shares
or money before January 1, 1917, and that
the company be reorganized by June 1,
1916, if no time. The proceeds are to
be used to install lime kilns and machine
for quarrying marble on a property
situated near Kilkland in California, in
which the company proposes to issue
145,000 shares of its capital stock in
return for cash in California, and
to issue one share to Kirkland for each
share sold for cash in exchange for the
Kirkland and Kilkland shares which
are held as an escrow pending the finan-
cing of the enterprise.

Would Add to Tax on Unimproved Land

SACRAMENTO, Aug. 11.—An additional (or excess) tax is recommended by the State Tax Commission to discourage the large holding of unimproved lands in California, according to the foreword issued today.

The commission finds that one of the most difficult problems to be solved in this State is the overcoming of the holding by one person or interest of large land grants. It suggests that it be attacked at once.

The commission recommends that an exemption of "say 5000," be made on unimproved land, and that unimproved land be made to bear a surtax over the rate on improved land above the exemption. Other reforms are advocated.

Australia to Have Navy in 17 Years

LONDON, Aug. 11.—Australia is working out a policy which by 1935 will give her a fleet of fifty vessels, eight of them pre-dreadnaughts, and involving an annual expenditure of at least \$25,000,000, a member of an Australian commission, P. M. Glynn, stated on a recent visit to England.

ELK MEMBERS TO LAY CORNERSTONE

Hon. Fletcher Cutler to Be Orator at School Ceremony in Alameda.

ALAMEDA, Aug. 11.—Alameda Lodge of Elks has made elaborate plans for the laying of the cornerstone of the new Porter school tomorrow afternoon at 2:30 o'clock. This is the first time in Pacific Coast Elksdom that a school cornerstone has been laid by the order. Exalted Ruler R. B. Vallejo, together with the other committee, James H. Shanks and Superintendent of Schools C. J. Duff, have planned a patriotic demonstration as well as a formal cornerstone laying.

The ceremonies will be participated in by the drill teams of San Francisco and Oakland lodges, and by visiting Elks from the different lodges about the bay. The Elks will assemble at the Alameda clubhouse at 2 o'clock, and will march to the school headed by the Alameda lodge drum and bugle band.

The order of procession will be as follows: Alameda lodge, San Francisco drill team No. 3, Oakland drill team No. 1, Tyler J. J. Kelly as standard-bearer with escort of members from Alameda lodge, grand lodge officers, past exalted rulers of all lodges, officers of Alameda lodge No. 1015.

The program of cornerstone laying will be: Raising of the colors; singing of "America"; prayer by Rev. J. H. Shanks, opening remarks by chairman of day, James M. Shanks; ritual ceremony, officers of Alameda lodge; address by Superintendent of Schools, C. J. Duff; address by Mayor Van der Mark, accompanied by Mrs. Ruby Tudor; addresses by Superintendent of Schools, C. J. Duff, and Sam Cohn, principal of Porter school; laying of the cornerstone; vocal solo, "United States"; Clarence Oliver, accompanied by Mrs. Ruby Tudor; oration, the Hon. Fletcher Cutler; closing song, "Alameda Lodge, B. P. O. E., No. 1015."

First Wife Appears to Ask Maintenance

Sued by his first wife whom he thought permanently exiled in Mexico City, Edward Leigh Malsbary, a contractor and builder of San Francisco, who was recently arrested in Berkeley on a complaint of desertion by his second wife, will probably have to pay separate maintenance for his first wife, Mrs. Malsbary, his first spouse, whose unsettled conditions in Mexico are responsible for her unexpected return.

Mrs. Malsbary declares in her suit that her husband deserted her in 1912, two years after their marriage. According to her attorneys, she was taken ill and her husband sent her to Mexico City on the advice of physicians. She never heard from him there with her sister, but was never able to return because of lack of funds. When the American government offered to transport her, here as a refugee, she quickly accepted and arrived to start legal proceedings against her husband.

Malsbary's second marital adventure occurred in 1914, when he married Jessica J. Loupe, a maid at the Fairmont Hotel. A month later they separated and Malsbary secured an annulment of the marriage on the showing that he had never been divorced from his first wife. The second wife, however, had him arrested for desertion before the annulment was granted. She declared that he has told her that his first wife was dangerous. The first Mrs. Malsbary asks for \$150 a month separate maintenance, declaring that her husband has an income of \$500 a month.

Corporations Slow in Paying State's Taxes

SACRAMENTO, Aug. 11.—Eight thousand corporations in California have but three more days in which to pay their corporate income tax, amounting to \$5,000,000.

This is the unpaid balance of the first installment of tax, which totals \$8,000,000. Very few of the large corporations of the State have paid their taxes yet, 14,000 corporations making up the \$3,000,000 which has already been paid to State Treasurer Friend W. Richardson.

The taxes become delinquent next Monday evening. If the corporations do not pay by this time they will be heavily penalized and will be placed on the delinquent list, with thirty days more in which to pay before the State forfeits their charters. The treasurer is accepting payment of the corporation tax in drafts or certified checks.

STOCKTON TRIBE WINS DRILL TEST

Red Men Convention at Eureka Busy Today Electing Officers.

EUREKA, Aug. 11.—Iroquois tribe of Stockton is winner of the drill contest held in connection with the annual convention of the Red Men here, according to announcement today. Yulpa tribe of Santa Rosa was second; Samoset tribe, Vallejo third; Monahock tribe, San Francisco fourth; and Pohona tribe, Stockton, fifth.

The Red Men are electing officers today. The daughters of Pocahontas of the State elected the following grand officers for the ensuing year:

Great Prophetess—Mrs. Lorena O'Neal, Great Pocahontas—Mae Lippert of San Francisco.

Great Wenona—Mrs. R. Pickering of Los Angeles.

Great Minnehaha—Mrs. L. Bettencourt of Vallejo.

Great Keeper of Records—Mrs. B. Brazzil (re-elected).

Great Keeper of Wampum—Mrs. Alice Goodall of San Francisco (re-elected).

Great Trustees—Miss Mabel Abraham of Grass Valley, Miss E. Yagerlehmer of San Rafael and Miss M. Saunders of San Francisco.

Napa was unanimously selected as the meeting place for the great coming in 1917. The other contestants withdrew from the race.

PHONE IS BLAMED.

Eva A. Jones made life miserable for her husband by telephoning to his friends that she did not want him to associate with them, according to the divorce complaint of H. E. Jones, filed this morning. He alleges that she communicated all their personal affairs to strangers and charged him with improper actions with the result that the woman's protective bureau took him to task. The couple were married in Salinas September 10, 1911, and have nine children.

WILL DISCUSS UTILITIES.

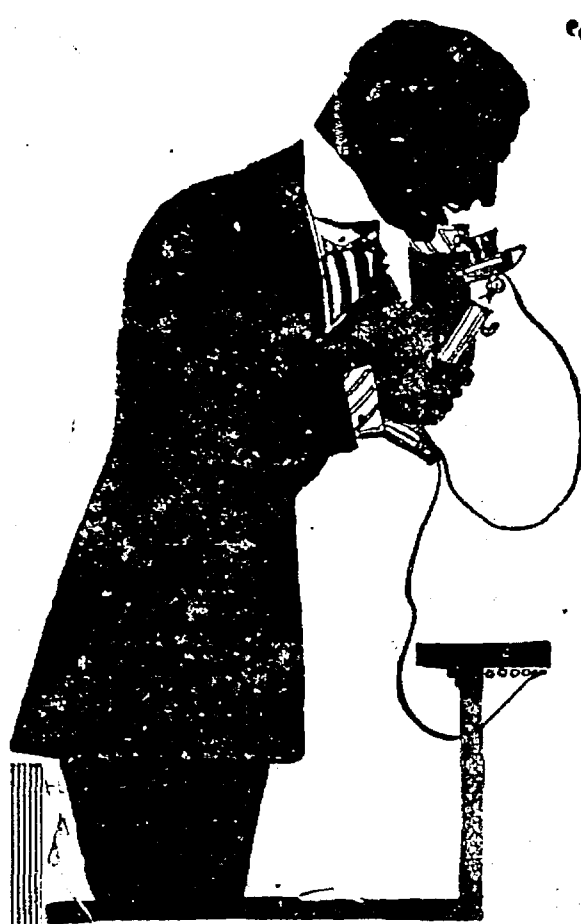

A meeting will be held tonight in Judge Samuel's courtroom in the city hall by the citizens' public utilities discussion committee. Civic and community problems will be considered and the meeting is open to all.

Doheny Closes Big Oil Deal in South

LOS ANGELES, Aug. 11.—Another oil deal was completed when Edward L. Doheny closed negotiations yesterday for the purchase of the Bard Oil and Asphalt Company holdings. The deal involves a total purchase price of about \$500,000.

The property comprises about 6000 acres of oil land on the north side of Sulphur mountain at the head of the Ojal valley, about 10 miles from Santa Paula. It is partially developed.

The purchase is being made on behalf of the Pan-American Petroleum and Transport Company and brings up the total of Doheny's oil lands acquisitions of the past two weeks to more than \$3,500,000.
